Cole Field House

Welcome to Maryland

WELCOME TO THE UNIVERSITY OF MARYLAND

The Maryland basketball program is celebrating its 10th season under the direction of head coach Gary Williams. Williams, his staff and players welcome you to College Park and hope that your stay is enjoyable. Cole Field House is one of the top places in the nation to watch a college basketball game and the program would like to thank you for stopping here while on your "Road to the Final Four." The media relations staff is always available to service you and has prepared this media guide as a source of information which can be referred to all season. Welcome to Maryland. We hope that you enjoy your visit and that we will see you along the college basketball road again.

BEFORE YOUR VISIT

Game credentials are issued to accredited members of the media only. Working space in the press area of Cole is **limited** and **seats are expressly reserved for those working on deadline, with no exceptions.** Credentials should be ordered at least one week before each game and are issued through the Media Relations Office. Requests for credentials should be made in writing and on letterhead stationery to Chuck Walsh, Media Relations Director for Men's Basketball. If it is convenient for you to FAX your request, you are welcome to do so. The FAX number in the Media Relations Office is (301) 314-9094. When time permits, working presses pass and a parking pass will be mailed. When this is not possible, they will be left at the Press Will Call entrance at the back door of Cole. The back door of Cole directly faces Byrd Stadium.

Photographers, too, should make their credential requests at least one week in advance. Photographers should note that the Cole Field House lights are color balanced for daylight. An exposure setting of /250 at f2.8 has been found to work well with ASA 400 film and normal processing. Strobe lights may be installed in Cole but arrangements must be made though the Media Relations Office two weeks in advance. Space for strobe lights is available on a first-come, first serve basis.

Game Day Press Parking is located on the Byrd Stadium promenade, under the Tyser Tower press box. It is best accessed from the Stadium Drive entrance to campus. Access is via press parking pass only and is available on an extremely limited basis.

MEDIA WORK ROOM

A press workroom is available for working media only on the court level of Cole. The media workroom is located just off of the basketball court to your left. A limited number of long-distance phone lines are available on a first-come, first serve basis and require a credit card for billing.

The room opens well before game time and media representatives are welcome to make themselves comfortable. Food service is available to the media; a pre-game meal is served buffet style. A half time and post-game beverage service is also available. The pre-game buffet is available one hour before tip-off.

FAX MACHINE SERVICE

Fax machine service will be available. If you need any information faxed to your newspaper, please submit your request to a member of the Media Relations Office.

PRESS SEATING

Press seating is located on the basketball floor in the northwest corner of the arena. The area is manned by members of the Media Relations Office throughout the game. The Media Relations staff desires to help the media be as comfortable as possible during each game.

PHOTOGRAPHERS

The NCAA has established a policy to control congestion in the photography areas on the basketball court. Only photographers on assignment are given photo passes along with members of working television media. Admission to the court and the photo boxes is by photo pass only. Photographers, both still and electronic must shoot from the baselines at the Northwest (Maryland Bench end/directly in front of press seating) and Southeast (visiting bench) corners of the court. Photographer's floor access is governed by Atlantic Coast Conference policy. Please note that only game photographers no runners, assistants or producers will have access to the photography areas. Photographers are also welcome to shoot from the photo deck on the West side of Cole. Access to the photo deck is from the concourse level opposite the team benches. Photographer positions are at the complete discretion of the basketball game officials and the Media Relations Office AT ALL TIMES. Failure to comply with their directions will result in expulsion for the arena.

IN-SEASON INTERVIEW POLICY

All Maryland players and Head Coach Gary Williams will be available for interviews with accredited members of the media throughout the season. **ALL INTERVIEW REQUESTS** must be made through the Media Relations Office, contacting Chuck Walsh. Player interviews are conducted before practice in the media workroom. Please allow for 24 hours prior notice. Player's individual phone numbers will not be given to the media and game day interviews will not be granted until the end of a game. Players will not be available for live call-in radio shows.

POST GAME PRESS-CONFERENCES

Post game coaches interviews are held in the basketball lounge adjacent to the media work room and the Maryland locker room. Coaches from both teams will be brought to the interview area after each game. Coach Gary Williams will appear first, immediately after he talks to his team. The visiting coach will follow him. **The Maryland Locker Room is open to credentialed media for a brief period after Coach Williams concludes his comments to the media.** This is in accordance with ACC rules. The visiting team's locker room access policy is determined by officials of that school.

POST GAME STATISTICS

Statistics packets, including running play-by-play, first half and final box scores and post-game quotes are compiled following every game and made available to the media at press row and in the press room.

ATLANTIC COAST CONFERENCE MEDIA SERVICES

Weekly Teleconference

Beginning the first Tuesday in January and continuing each week through the end of the season, the Atlantic Coast Conference will hold a weekly telephone press conference featuring all nine league coaches beginning at 11 a.m.

Each coach will be available to furnish comments and take questions for 10 minutes beginning with Wake Forest Head Coach Dave Odom and continuing in alphabetical order by school. Gary Williams is available from 11:40 - 11:50.

The weekly press conference can be accessed by calling (913) 981-5507. The teleconference will be replayed in its entirety for 24 hours following the conclusion of the original press conference. Please contact Brian Morrison of the ACC Office at (336) 851-6062 for further information.

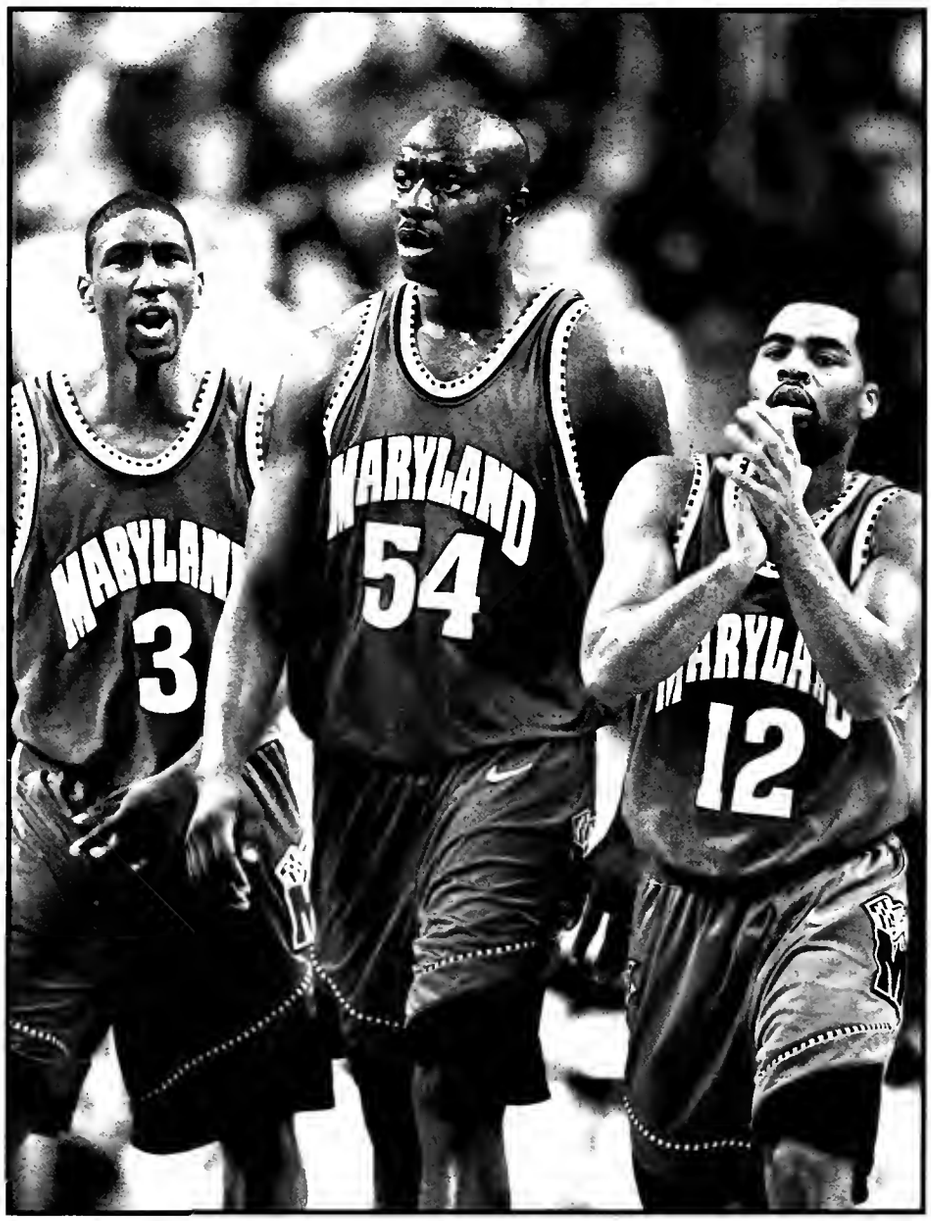
Preview

Maryland begins the 1998-99 season with three returning starters and five of its top seven scorers and rebounders from last season's NCAA Tournament "Sweet 16" team. It is a veteran cast ready to combine with one of the highest-rated recruiting classes in school annals to produce one of the most talented squads and highly anticipated seasons in the history of the program.



Laron Profit, Obinna Ekezie and Terrell Stokes are all returning starters and all-star candidates.

After winning 103 total games, 47 conference games and playing in a school-record five consecutive NCAA Tournaments since 1994, the ascension of the Maryland basketball program into the upper reaches in the hierarchy of the college basketball world continues at alarming speed.

Maryland is certain to begin the 1998-99 season ranked among the nation's top teams. Already, the Terps have been tabbed No. 5 in the preseason by Jay Bilas of ESPN, and most basketball insiders view the team as one of the top two in the Atlantic Coast Conference. The Terps' recruiting class has been rated the fifth best in the nation by Mike DeCourcy of The *Sporting News* and the third best in the nation by recruiting analyst Clark Francis of *HoopScoop* and ESPN.

Head coach Gary Williams has truly built one of the most talented and deepest teams in his 10 seasons at Maryland. The Terps are experienced and tested at every position and possess as much quality depth as any squad he has coached. That talent, experience and depth will allow Williams the flexibility to put many strong lineup combinations on the court throughout all 40 minutes of every game. The Terps will be built for speed and can be constructed to play with a big lineup, a small lineup or anywhere in between. At all times, though, the Terps will resemble all Williams' teams — looking to run the court and score a lot of points on offense and looking to play all 94 feet of the court on defense.

EXPERIENCE AND LEADERSHIP IN THE STARTING LINEUP

Seniors Laron Profit, Obinna Ekezie and Terrell Stokes all return as third-year starters and veteran leaders. The trio has led Maryland to the last three NCAA Tournaments; three upper-division ACC finishes and helped the program become a fixture in the national polls.

Profit was an honorable mention All-America selection as a junior and returns for his final season as one of the nation's most athletically gifted players. A third team All-Atlantic Coast Conference selection as a sophomore and junior, he enters his senior season ranked third all-time at Maryland with 184 career steals. The defensive standout was credited with 87 steals last season - a total that ranks as the second-best single season effort in school history. Profit averaged a career-high and team-leading 15.8 points per game last season and is the Terps' leading returning scorer. He enters his senior season with 1,072 career points which places him among the all-time leaders at Maryland.

Ekezie, an honorable mention All-ACC selection last season, is considered by many to be the top true center in the ACC. He averaged a career-high 12.8 points and a career-high 6.5 rebounds per game last season. He was outstanding in a pressure situation against Illinois in the second round of the 1998 NCAA Tournament, making six straight free-throws (both ends of one-and-one attempts) in the final 118 seconds to push Maryland past the Illini, 67-61, and into the "Sweet 16" for the third time in five years. Ekezie played for Nigeria in the World Championships this summer and was the fourth leading rebounder in the tournament.

Stokes ranked third in the ACC with a career-high 2.3:1 assists to turnover ratio last season. He enters his senior season with 377 assists and 123 steals which makes him one of only seven players to be ranked in the top 10 in career assists and career steals in Maryland history. Stokes holds the single-game school record for assists with 14 against Towson University on Nov. 30, 1996 and owns two of the top three single-game assist marks in school history. He was credited with a career-

high and team-leading 149 total assists for a career-high and team-leading 4.7 assists per game last season. Stokes was at his best in the postseason when he averaged 7.3 points and 5.7 assists in three NCAA Tournament games and had 14 assists and only two turnovers in two ACC Tournament games.

EXPERIENCED DEPTH COMING OFF THE BENCH

This year's team could be considered one of the deepest and most talented in school history. Williams will continue to realize the fruits of his program's recruiting successes when he looks toward a very capable bench. He will be able to choose any one of a number of players in an effort to substitute a quality player from the bench for a quality player on the floor.

Terence Morris and Mike Mardesich, a pair of enormously talented sophomores, will take on increased roles this season. Both played in all 32 games last season and gained the experience that will allow them to become prime-time players in the ACC.

Morris was an honorable mention All-ACC Freshman team selection last year as he averaged 7.4 points and 3.5 rebounds during his inaugural collegiate season. He displayed his athleticism with 29 blocked shots, 27 steals and 13 3-point shots made. He improved his game throughout the season as he adjusted from a "back to the basket" offensive player to a "facing the basket" player upon his arrival at Maryland. He played his best basketball in the second half of the season, averaging 8.4 points, 3.8 rebounds, and 16.9 minutes per game from mid-season on as compared to 6.4 points, 3.3 rebounds and 15.1 minutes per game during the first half of the season. Morris performed well in his first career ACC Tournament, averaging 10.5 points.

Mardesich, who enters the season as a redshirt sophomore, averaged 5.4 points and 4.3 rebounds while playing 18.2 minutes per game last season. He scored his ACC season high of 12 points in leading Maryland past No. 1 North Carolina in Cole Field House. He played a season-high 34 minutes and was on the court to begin the decisive overtime period. Mardesich should see time as a starter and reserve and will help the team in both roles throughout the season.

Redshirt senior Brian Watkins, redshirt sophomore LaRon Cephas and freshman Lonny Baxter will round out a strong front-court for the Terps.

Watkins is now in his fourth year as a member of the Terps' program and will be counted on as a valuable member of the Terps' front-court with his 59 games of collegiate playing experience. He has displayed flashes of his tremendous ability on both ends of the court. He scored a season-high eight points in a season-high 14 minutes played against Florida International last season and will look to post those types of numbers on a more consistent basis this season.

Cephas is another wide-body who the Terps

will look to be a force on the glass at both ends of the court. His development last season allowed Williams great flexibility with his big men. He appeared in 21 games and may have been at his best when Maryland defeated then No. 1 North Carolina, 89-83 in overtime, on Jan. 14. He contributed four crucial minutes at the end of the first half in place of Maryland's foul-troubled frontcourt. Cephas was inserted into the lineup for All-ACC performer Rodney Elliott with 3:43 remaining in the half and the score tied at 32. He finished the half on the court and led Maryland into the locker room with a four-point lead (41-37).

Baxter is a banger who will have the ability to give the Terps quality minutes from the beginning of the season. He averaged 21.0 points and 11.0 rebounds at Hargrave Military Academy during the 1997-98 season. He fits the mold of a solid, well-built Maryland forward and should easily fit into the Terps' rotation.

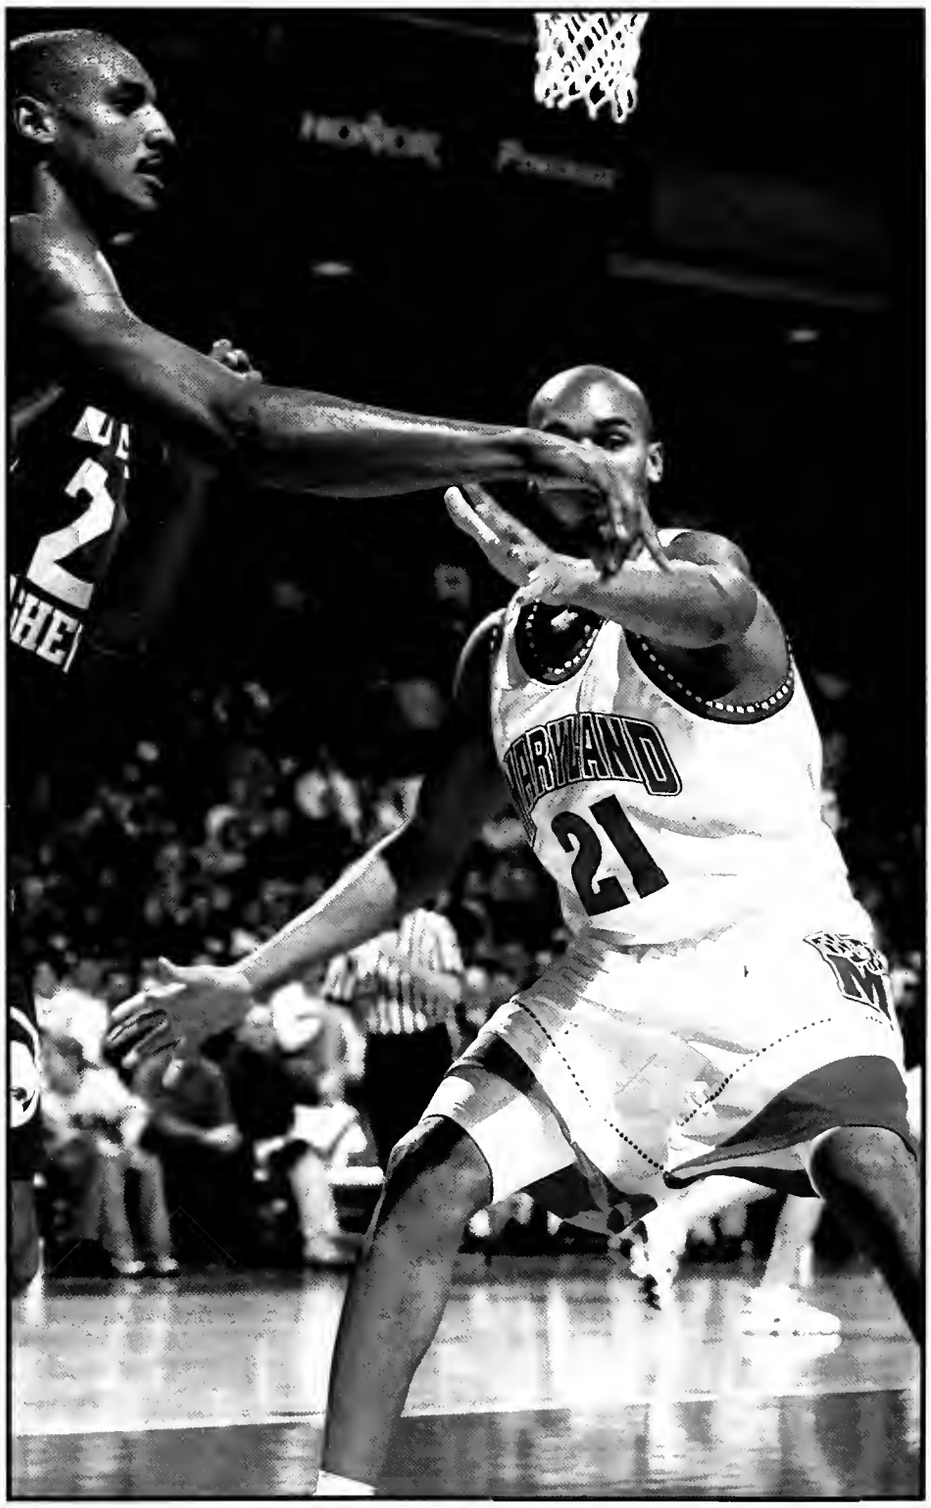
Junior college transfer Steve Francis, freshman Danny Miller and redshirt freshman Juan Dixon, will provide Maryland's backcourt depth. These newcomers will immediately combine with Maryland's returning backcourt of Stokes and Profit to form a talented and versatile group and offer Williams many lineup possibilities.

Francis was named a first-team NJCAA All-American after leading Allegany (Md.) Community College to the national tournament. He averaged 25.3 points, 8.7 assists, 7.1 rebounds and 5.3 steals while shooting 53 percent from the field and 82 percent (204 of 248) from the free-throw line. He scored 66 points in two games of the NJCAA tournament, the fourth highest two-game total in tournament history.

Miller, a McDonald's All-American, averaged 20.5 points, 7.9 rebounds and 3.4 assists per game while shooting 45.1 percent from the floor as a senior. He was a consensus All-America selection and appeared on all the national lists of the top prep players. He led Rancocas Valley High School to a state championship and to the semifinals of the Tournament of Champions in New Jersey his senior season.

Dixon is familiar to the Maryland program having enrolled as a student and joined the team for the second semester last season. He practiced and traveled with the team during the entire second half of the season. As a senior at Calvert Hall High School in Baltimore, he was a two-time first team All-Metro selection by the *Baltimore Sun* and averaged 23.4 points and 4.5 rebounds during his senior season. Dixon shot nearly 90 percent from the free-throw line as a senior and led Calvert Hall to the Catholic League Tournament finals during his sophomore, junior and senior seasons.

Senior Norman Fields and junior Matt Hahn have proved to be valuable players throughout their careers and will again be counted on to add depth in the backcourt.



LaRon Cephas played many valuable minutes as a freshman and will be a strong contributor this season.

Fields enjoyed his best season in 1998 as he played in a career-high 12 games. Fields will lend great depth off the bench. Hahn is a solid player who possesses a strong work ethic. As a member of the practice squad, he emulates the upcoming opponent's point guard in practice.

Maryland will be stronger than last season in every category imaginable. It has more talented depth at every position. It will have more top-flight competition at every position. The leadership of its three seniors is solid. With its talented depth, the Terps can play Williams' style of basketball longer and harder than any of his teams since his arrival in College Park.

HEAD COACH

Gary Williams

10th Season as Head Coach

GRADUATED:
University of Maryland, '68

RECORD AT MARYLAND:
164-112 (.595) 9 Seasons

OVERALL RECORD:
371-240 (.608) 20 Seasons

The University of Maryland basketball program enters the 1998-99 season ranked among the nation's top teams, and head coach Gary Williams is the key reason why the Terps' program continues to reach new heights on an annual basis.

Williams is a consistent winner who has proven that he can win at any level, under any circumstance, and that he can meet and defeat any challenge he faces.

Take his nine-year tenure at Maryland, for example. He inherited a program that had averaged only 12 wins in its previous three seasons and had won only one ACC game the year before his arrival. Take into consideration, too, that because of NCAA sanctions, the program would begin a three-year probationary period after his first season. The program was penalized for infractions committed prior to his arrival, sanctions which affected recruiting, television appearances, and most of all, the won-loss record.

Williams weathered the three-year NCAA probation, persevered and has achieved monumental success at his alma mater. Not only has he led Maryland to a school-record five consecutive NCAA Tournaments and averaged more than 20 wins a season during that period, but he has instilled a first class aura that he insists on from everyone involved with his program.

Williams has also proven that he can sustain winning, something he has done throughout his entire career. He has coached 14 teams to postseason play, and 16 of his teams have recorded winning records. He has guided four teams to the "Sweet 16" of the NCAA Tournament, and his 1988 Ohio State team played in the championship game of the postseason NIT. Since the end of the probationary period at Maryland, the Terps have recorded a 103-55 overall record, with five consecutive winning seasons and a 47-33 mark in the ACC. The 47 conference victories are the most in a five-year period in school history.

Williams is a man with a passion for the game of basketball, a passion for the University of Maryland, a passion for a quality program, and most of all, a passion for winning.

In 1997-98, Maryland advanced to the "Sweet 16" of the NCAA Tournament, finished third in the toughest conference in the country and won 20 games for the third time in the last four years. The Terps' success came while playing the nation's toughest schedule according to the RPI and Sagarin ratings.

During his nine years in College Park, the three-time national coach of the year finalist has taken the Maryland program to the heights of the nation's premier basketball conference. He begins the 1998-99 season looking to lead the Terps to six consecutive upper-division conference finishes for only the second time in school history.

Williams has thrust Maryland into the national spotlight by taking the Terps to a school record five consecutive NCAA Tournaments. The Terps last year advanced to the NCAA Tournament "Sweet 16" for the third time in the last five seasons and Williams came within a whisker of coaching in his first ACC Tournament championship game in 1998. Entering the 1998-99 season, Maryland is one of only two schools in the ACC (the other being North Carolina) and one of only 11 in the nation which has participated in each of the last five NCAA Tournaments.

Williams is the only head coach in school history to guide the Terps to six postseason tournament appearances within his first nine seasons. He is also one of only two coaches in school history to have directed his first two teams to winning records and to a regular season championship during the first six years at the helm.

In 1989, Williams inherited a team that had won only nine games the year before and had finished in last place in the ACC. Williams displayed his coaching abilities immediately. The Terps won 19 games and advanced to the second round of the National Invitation Tournament, making Williams the first coach in school history to lead a team into the postseason in his first season. In addition, Maryland's 10-game improvement in the win column during Williams' first season was the largest in school history and second largest in the annals of the ACC. Only the legendary Press Maravich, who improved NC State's winning ledger by 13 games in his inaugural season (1965), can boast a higher first-year win total improvement.

Williams, who is only 29 victories shy of win No. 400, is in his 21st season as a head coach on the collegiate level. He has led teams to postseason play at each stop on his coaching resume—American University, Boston College, Ohio State and Maryland.

Williams is the only coach to direct programs in the three most powerful conferences in college basketball—the Atlantic Coast, Big East and Big Ten. During Williams' combined 16 years in those three conferences, the national champion has come from Williams' league eight times (three in his nine years in the ACC, twice in his four years in the Big East and once in his three years in the Big Ten.)

A 1968 graduate of Maryland, Williams lettered as the Terps' starting point guard from 1964-67 under head coach Bud Millikan. He served as team captain during his senior season. It was as a player in the ACC that Williams developed his basketball philosophy. He studied the game under Millikan, and it was then that he developed his penchant for the full-court pressure defenses for which his teams

are now known. He learned his half court man-to-man defense from Millikan, who learned from the legendary Hank Iba. The fast-breaking offense that Williams' teams employ is similar to the style Vic Bubas' Duke teams used when Williams was a player.

Williams began his coaching career as a graduate student at Maryland under a future boss, Tom Davis. Williams was Davis' assistant coach for the Maryland freshman team during the 1969 season. The team finished with a 12-4 record.

After earning a degree in business, he continued his coaching career as an assistant at Woodrow Wilson High School in Camden, N.J. After one year, he took over as the head coach and guided his first team to a perfect 27-0 record and the state title. Williams has called that season "the ultimate; there wasn't another game to win."

Williams spent one more year at Wilson before accepting an invitation from Davis in 1972 to become an assistant at Lafayette College. While an assistant at Lafayette, Williams also served as the head soccer coach. In 1978, Williams accompanied Davis to Boston College. After one year there, Williams became the head coach at American University.

Williams immediately began making his mark. His 1981 squad set the still-standing school record for victories with a 24-6 mark, won the East Coast Conference championship, and played in the NIT. Williams was named the district Coach-of-the-Year. American returned to postseason play the next season as the Williams-led Eagles went 21-9 and played in the NIT for the second consecutive year. Only once prior to Williams' arrival had AU gone to a postseason tournament, and the Eagles have not returned to postseason play since. Williams' four-year record at AU was 72-42.

In 1983, Williams succeeded Davis at Boston College. He was once again an instant success, posting a 25-7 record and leading the Eagles to the regular season championship of the Big East in his first season. Making his first appearance in the NCAA Tournament, Williams directed the Eagles to the "Sweet 16." He finished third in the balloting for national Coach of the Year, and was honored as the Eastern Coach of the Year by his peers. He went on to duplicate that NCAA Tournament success again in 1985, when he again led Boston College to the "Sweet 16."

In 1987, Williams accepted the head coaching job at Ohio State, becoming the 10th basketball coach in that school's illustrious history. He succeeded Eldon Miller and once again enjoyed success. In four years, the Buckeyes made three postseason appearances. His first squad defeated then No. 1 and unbeaten Iowa (coached by Tom Davis) in the regular season, in what would be the first of many giant-killings. During Williams' three-year term at Ohio State, OSU defeated a second-ranked Purdue team, perennial power Kansas and highly regarded Big Ten powers Michigan and Illinois. Each of Williams' three Ohio State teams advanced to postseason play, and he laid the groundwork for the highly successful teams that followed when he left Columbus for College Park.

CHARITIES

Coaches vs. Cancer Three-Point Attack

Gary Williams is involved in many charitable programs and one that is very special to him is the Coaches vs. Cancer Three-Point Attack. The program is a partnership between the National Association of Basketball Coaches (NABC) and the American Cancer Society. The coaches who participate in this program are dedicated to fighting cancer through increased support for research, patient services and prevention education from among the fans of college basketball. The program utilizes a Three-point attack program that combines pledges from fans with their team's three-point baskets made throughout the season. Contributions benefit the team's local chapter of the American Cancer Society.

The University of Maryland men's basketball team and Gary Williams finished eighth in the nation in fundraising efforts during the 1996 season with contributions totaling $20,800.90. Williams and the Terps were the only team from the ACC to be ranked among the top-20 fundraising teams in the program and one of only eight that raised $20,000 or more.

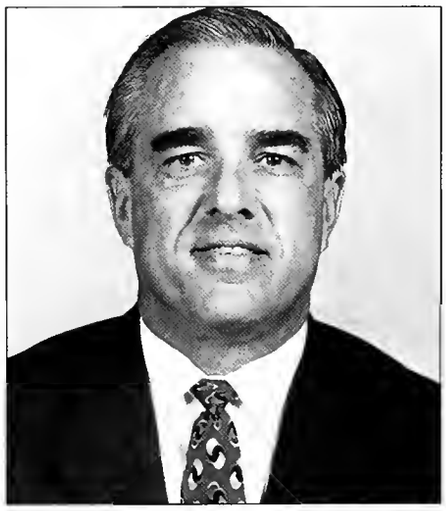
SENIOR ASSISTANT COACH

Billy Hahn



BILLY HAHN, one of only two people in Maryland basketball history to play and coach in the NCAA Tournament, is in his 10th season as an assistant coach under Gary Williams. Hahn is in his second season as Maryland's senior assistant coach. He became a member of the Maryland coaching staff in July of 1989, immediately after Gary Williams became the Terps' head coach.

Since Hahn joined the Terrapin staff for the 1990 season, Maryland has played in a school-record five NCAA Tournaments, one National Invitation Tournament and captured the 1995 ACC regular season championship. In addition, Maryland has established school records for most points in a single game, and season records for free throws made, assists, steals and blocks. Maryland is one of only two teams in the ACC (also North Carolina) and one of only 11 nationally which have played in each of the last five NCAA Tournaments.

Hahn's extensive recruiting roots and knowledge of the game have been major keys to the resurgence of the Terrapin program. His work has attracted nationally ranked recruiting classes to College Park in each of the last six seasons. Clark Francis of HoopScoop Magazine ranked Maryland's 1998 recruiting class as the third best in the nation.

A veteran in the coaching ranks, Hahn's 24 years of collegiate coaching experience is evident in everything that he does. His recruiting plans are well thought out and his scouting reports are among the best in the nation. The Maryland program is well balanced on both the recruiting and scouting fronts because of Hahn's meticulous preparation.

Hahn's recruiting successes have allowed Maryland to compete among the nation's elite programs. His enthusiastic attitude and loyalty to the University of Maryland make him a great ambassador for the program.

His scouting ability has helped Maryland advance to the "Sweet 16" of the NCAA Tournament in three of the last five seasons and finish as the regular season co-champions of the Atlantic Coast Conference in 1995. The Terps are one of only 11 programs nationally to advance to the "Sweet 16" in at least three of the last five seasons.

His hard work and dedication as a recruiter have also propelled him into the spotlight. Hahn was named one of the top 10 recruiters in the Eastern United States by *Eastern Basketball*. Said EB: "The former head coach at Ohio University helped corral the Terps' 1995 senior class which was the backbone of Maryland's reversal of fortunes."

The Terps' roster of players during his career at Maryland reflects his recruiting prowess. Hahn's national and local recruiting knowledge helped in the superior evaluation of former All-ACC players Exree Hipp, Mario Lucas, Johnny Rhodes and Duane Simpkins — four players who helped Maryland return to the Top 10 and the national spotlight. Most recently, he won intense recruiting battles that convinced current Terp seniors Laron Profit, Terrell Stokes and Obinna Ekezie to attend Maryland. Many recruiting experts labeled Profit as "one of the top high school players in the country," while Stokes earned the title as the "No. 1 pure point guard in the nation." This season's roster includes a pair of the most sought-after players in the nation, Steve Francis and Danny Miller. Francis was the top junior college point guard in the nation while Miller was a McDonald's high school All-American last season. The nation's top programs coveted both players.

Prior to joining the Terps' staff, Hahn was the head coach at Ohio University for three years. He compiled a 42-45 record and posted two winning seasons. He led Ohio to the Mid-American Conference Tournament championship game in 1988. He recruited and coached Paul Graham, the MAC Player of the Year in 1989. During his head coaching tenure, 100 percent of his senior players earned their degrees.

His coaching expertise was also on display in 1995 when he filled in for Gary Williams, who missed four games with pneumonia. He guided Maryland to the semifinals of the Atlantic Coast Conference Tournament and to a victory at Duke's Cameron Indoor Stadium.

It was during this time that Hahn drew nationwide praise as he guided the Terps to a 2-2 record. He coached the Terps to a 94-92 victory at Duke, a 71-64 victory over Florida State in the first round of the ACC Tournament, and into overtime against No. 2 ranked North Carolina in the ACC tournament semifinals

and against Virginia during the regular season. Maryland's victory over Duke clinched a tie for the ACC regular season championship. Three of the games were televised on ESPN and ABC televised one.

Hahn began his college coaching career immediately following his playing days at Maryland. His first stop came at Morris Harvey College in West Virginia (1975-76). He moved on to Davidson College (1976-77) and the University of Rhode Island (1977-80) before becoming the head coach at Ohio. At each of his first three coaching stops, he successfully recruited and coached future NBA draft choices. While at Rhode Island, he recruited future New York Knicks star Sly Williams and four other NBA selections.

Prior to his appointment as head coach at Ohio in 1987, he was an assistant coach at Ohio for six seasons under Danny Nee. He served as the Bobcats primary recruiter during that span and landed the school's all-time leading rebounder and all-time leading assist holder. Hahn recruited and coached two future NBA draft choices and the 1985 MAC Player of the Year. While Hahn was an assistant, Ohio posted a school-record four 20-win seasons, won two conference tournament championships, earned two trips to the NCAA Tournament and played in one NIT.

Hahn is a 1975 graduate of the University of Maryland. While an undergraduate, he was a three-year varsity letterwinner on three of the best basketball teams Maryland has ever fielded. He was a freshman in 1971-72 when the Terps won the National Invitation Tournament; he was a key reserve on the team that lost what is considered to be the greatest game in ACC history - Maryland's 103-100 overtime setback to NC State in 1974 - and he was captain of the team his senior year when the Terps won the ACC regular season championship and advanced to the Midwest Regional finals of the NCAA Tournament.

He earned the Alvin Aubinoe Award for "Greatest Career Contribution" following his senior season. Maryland fashioned a 70-19 overall record during his playing career. The Terps finished with a 24-5 record and won the ACC regular season championship his senior season.

Hahn has become a very accomplished seminar and banquet speaker. He has delivered numerous motivational speeches to area businesses and at many graduations.

Hahn and his wife Kathi were married on June 25, 1976. They have two children, a son Matthew (20) and daughter Ashley (15).

Hahn received his bachelor's degree in distributive education from Maryland in 1975.

ASSISTANT COACH

Dave Dickerson

DAVE DICKERSON, a forward at Maryland from 1986-89 who earned four letters and was team co-captain in 1989, is in his third season as an assistant coach under Gary Williams. Dickerson played in the 1986 and 1989 NCAA tournaments and was a member of three teams that advanced to the ACC Tournament semifinals. The Terps won 19 games his freshman year and 18 during his junior season. Dickerson was a starter on the 1989 team that became the first No. 8 seed to defeat a No. 1 seed in the ACC Tournament.

Dickerson's first two recruiting classes at the University of Maryland have helped launch the Terps into the upper echelon of college basketball. Dickerson was instrumental in attracting the Terps' 1997 and 1998 recruiting classes, both of which ranked in the top 10 nationally. Maryland's 1998 recruiting class is ranked third in the nation by Clark Francis of *HoopScoop* Magazine.

During Dickerson's tenure at Maryland, the Terps have appeared in the NCAA Tournament twice, advanced to the semifinals of the ACC Tournament twice and averaged 19 wins a season. In 1998 the Terps advanced to the "Sweet 16" of the NCAA Tournament and were the No. 4 seed in the West Region. The Terps played the nation's toughest schedule according to the Sagarin ratings and were ranked 15th in the final ESPN/USA Today poll. Maryland has been ranked among the nation's top teams during each of his first two years at Maryland and reached No. 5 in the Associated Press poll during the 1997-98 season.

Dickerson has quickly established himself as one of the top young coaches in college basketball. On the court, Dickerson works with Maryland's outstanding group of forwards and helps in the scouting of opponents. As a group, Maryland's front court has been rated as the fifth best in the nation entering the 1998 season.

In 1989, Dickerson earned his bachelor's degree in government and politics from Maryland. Soon after graduation he began his coaching career on the staff of Gardner Webb

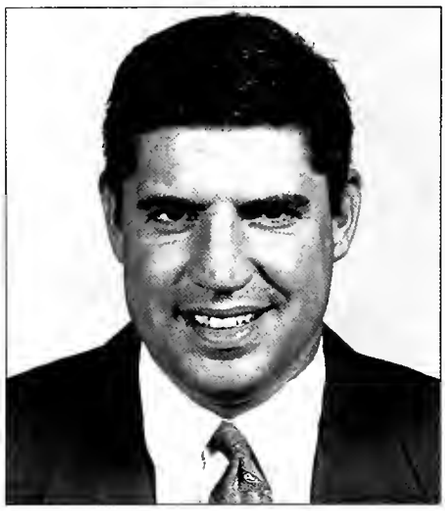
University in North Carolina. After a year at Gardner Webb he joined former Maryland head coach Lefty Driesell at James Madison. From 1993-96 Dickerson was an assistant coach at Radford University, where he was an assistant under former Maryland assistant coach Ron Bradley. It was at Radford that Dickerson began to make his mark as a recruiter and bench coach.

Radford gained national acclaim and become one of the most successful programs in the Big South Conference during Dickerson's tenure. Radford defeated Louisiana State, 73-72, on Dec. 30, 1993 to gain the biggest victory in school history. The Highlanders scored the game-winning basket with 2.8 seconds remaining in the game just after LSU had taken its first lead of the second half. Dickerson was the assistant coach in charge of scouting LSU. Radford had winning seasons during each of Dickerson's four years at the school.

A native of Olar, S.C., he earned the team award for Greatest Career Contribution in 1989 and for Most Improved Player in 1987.

ASSISTANT COACH

Jimmy Patsos



JIMMY PATSOS, an assistant coach on all five of Maryland's most recent NCAA Tournament teams, enters his eighth season working under head coach Gary Williams. Patsos has been a cornerstone of the success of the program and its current legacy of continuity. Patsos joined Williams and the Maryland staff for the 1992 season and has been involved in all aspects of the program since.

Patsos' numerous responsibilities center on opponent scouting and the academic development of Maryland's players. He coordinates Maryland's film exchange program and spends countless hours breaking down game films of the Terps and their opponents. His role as an academic mentor has proven prosperous, as the teams' overall academic performance has improved under his guidance. He works closely with the academic support unit of the athletic department and many of the professors on campus.

Patsos also coordinates the public speaking engagements of the Terps' players. Each summer, Patsos serves as the director of the Gary Williams basketball camp at the University of Maryland. The camp annually draws participants from around the world and is the showcase camp on the eastern seaboard. In his role as camp director, Patsos coordinates counselor management, facility and participant scheduling, housing, meals and guest speakers. In addition to his work at the Gary Williams camp, he is a frequent speaker at camps throughout Maryland, Delaware and Pennsylvania.

Patsos joined the staff as a volunteer assistant during the 1991-92 season. During his first season, he was exposed to the coaching and administrative side of college basketball, which allowed him to gain a greater understanding of the game. His work ethic and relationship with the players resulted in a full-time spot on the staff for the 1992-93 season.

Prior to his appointment to Williams' staff at Maryland, Patsos was the assistant coach at Archbishop Carroll High School in Washington, D.C. He helped Carroll to a 21-8 record and a national ranking of No. 6 during his first season. The team lost to the famed DeMatha Catholic High School in the city playoffs to end their stellar season. Patsos was involved in the maturation of Charles Harrison (Wake Forest) and Lawrence Moten (Syracuse), both of whom have become stars on the collegiate level.

A native of Boston, Mass., Patsos played three years of varsity basketball at Catholic University in Washington, D.C. He served as team captain his senior season. He earned his bachelor's degree in history from Catholic in 1989.

Profit's heroics came as National Player of the Year Tim Duncan and the Wake defense converged on Booth in the lane ... Booth had his drive to the basket cut off by the Deacons' Ricky Peral as the clock ticked to about four seconds and the senior then passed the ball to Profit on the right wing ... Profit then nailed the basket as the red light came on and the buzzer went off ... "That's what it's all about. This team has tremendous character. The guys on this team have hearts as big as any. People are overly critical of Terrell because he doesn't score, but he's not asked to do that in our offense." ... honorable mention All-ACC Freshman Team selection despite averaging only 17 minutes per game and starting only four games during the 1995-96 season. **As a Junior:** Credited with a career-high and team-leading 149 total assists for a career-high and team-leading 4.7 assists per game ... his 149 assists tied him for the 10th best single-season total in school history ... declared a salutatorian among ACC point guards by Len Elmore in an article written for *ACC Athlete* magazine ... said Elmore: "Stokes is very good off the dribble, particularly in transition where — not coincidentally — the Terps excel. Stokes' ability to pump up the tempo and execute in transition contributes mightily and he does what it takes to make the Terrapins go." ... started 25 of 32 games including 18 of the final 19 of the season ... his only non-start late in the season was on senior day when co-captain Matt Kovarik earned the starting honors ... averaged 5.0 assists per game as a starter in 25 games ... was at his best in the NCAA and ACC tournaments ... averaged 7.3 points and 5.7 assists in three NCAA Tournament games and had 14 assists and only two turnovers in two ACC Tournament games ... enjoyed his career-best assist-to-turnover ratio at 2.2:1 with 149 assists and only 67 turnovers ... marked the second time in his three-year career that he had an A:TO ratio better than 2:1 ... was at the top of his game in the NCAA Tournament second round with 10 points and seven assists as Maryland defeated Illinois, 67-61, on March 14 to advance to the "Sweet 16" for the second time in Stokes' career ... made what head coach Gary Williams characterized as "the biggest shot he's hit at Maryland," with 6:50 remaining in the second half of the Terps' game against the Illini ... Stokes canned a 3-pointer from just left of the top of the key to tie the game at 52 only 16 seconds after Illinois' Kevin Turner had put the Illini up, 52-49 ... said Stokes: "If I've got the shot, I'll take it. I don't care if I've missed 10 in a row, I'll take it." ... continued his hot play in the West region semifinals against Arizona on March 19 with a personal NCAA Tournament best 11 points ... it was Stokes' backdoor lay-up on an assist by freshman Terence Morris that pulled Maryland to within one at 57-56 with 10:32 remaining ... was also extraordinary in the ACC Tournament against Georgia Tech and North Carolina with a 7:1 assist-to-turnover ratio as he helped the Terps to the semifinals for the third time in his career ... masterfully carved up the Yellow Jackets on March 6 for his ACC assist high of eight as the Terps won convincingly, 83-65, in the quarterfinal round ... was flawless against North Carolina on March 7 in the semifinals as he dished out six assists and was not charged with a turnover ... recorded 15 assists and only one turnover in 101 minutes against North Carolina in three games during the season ... canned two of the biggest free throws of the season with 1.9 seconds remaining against Kansas as the Terps defeated the then No. 2 ranked Jayhawks on Dec. 7 ... BIRTHDATE:
July 29, 1977 (Long Beach, Calif.)

ON MARDESICH: One of the nation's rising young stars who enjoyed a stellar freshman season ... his 138 rebounds ranks tied for the 10th-best single-season effort by a Terp freshman while his 4.3 rebounds per game average is the 11th best-ever by a Maryland freshman ... blocked 20 shots which ties him for the seventh-best season by a Maryland freshman ... originally signed at Maryland during the fall 1995 signing period ... made a personal decision to redshirt during the 1996-97 season ... was a member of the Terps' eight-man rotation as a redshirt freshman and enters the 1998-99 season with three years of eligibility remaining. **As a Redshirt Freshman:** Averaged 5.4 points (tied for sixth on the team) and 4.3 rebounds (fourth on the team) while playing in all 32 games ... averaged 18.2 minutes per game and played in double-figure minutes in 29 of Maryland's 32 games ... was at his season best as he helped lead the Terps past No. 1 North Carolina in overtime in Cole Field House on Jan. 14 ... scored his career-high tying and ACC career-high of 12 points while grabbing a team-high nine rebounds in front of a supercharged home crowd ... played a season-high 34 minutes, was five-of-nine from the field, had three assists, no turnovers and committed only one personal foul ... started and played all five minutes of the overtime period and scored two points as Maryland outscored North Carolina, 13-7, to gain the victory ... it was a Mardesich put-back off a Rodney Elliott miss that tied the game with 46.2 seconds remaining and sent the game into the extra session ... he played the final 2:27 of regulation and the entire five minutes of the overtime period during which the Terps outscored the Tar Heels, 17-11 ... played a large part in holding the UNC front line of Antawn Jamison, Vince Carter and Makhtar Ndiaye to a combined three offensive rebounds ... for the season, the Tar Heel trio averaged a combined 6.9 offensive rebounds per game ... said Mardesich after the victory over North Carolina, "This is just an unbelievable feeling. I never thought it would happen two years ago. But this is reality time. Everything is starting to sink in." ... against No. 13 Florida State on Jan. 7, he scored six points and grabbed a career-high 10 rebounds in his best outing of the season ... Mardesich grabbed a career-high tying five offensive rebounds and scored what proved to be the game-winning basket in the second half ... with just over 12 minutes remaining, Mardesich followed a miss

ON MORRIS: An All-ACC candidate as one of the nation's top underclassmen ... honorable mention All-ACC Freshman Team selection during his inaugural collegiate season ... his 29 blocked shots ranked as the fourth-best single-season total by a Maryland freshman ... his 27 steals was the 10th-best single-season total by a Terp freshman ... his 113 rebounds ranks as the 13th-best single-season total, while his 236 points ranked as the 15th-best single-season total by a Maryland freshman ... from the field, his 13 3-point shots made is the sixth-best total among Maryland freshmen and his 91 total field goals ranks 13th all-time by a Maryland freshman. **As a Freshman:** Honorable mention All-ACC Freshman Team selection ... averaged 7.4 points (fifth on the team) and 3.5 rebounds (fifth on the team) ... improved throughout the season as he adjusted from a "back to the basket" offensive position to a "facing the basket" position upon his arrival at Maryland ... he had been more of an inside player throughout his high school career and adapted his game to the perimeter as the Terps' 32-game season went on ... upped his averages in the second half of the season significantly as compared to the first 16 games of the season ... averaged 8.4 points, 3.8 rebounds, and 16.9 minutes per game while shooting 56.4 percent from the field (53-94) and 40.7 percent from 3-point range (11-27) in the final 16 games of the season as compared to 6.4 points, 3.3 rebounds and 15.1 minutes per game, 47.5 percent field goal shooting (38-80) and 20.0 percent 3-point field goal shooting (2-10) in the first 16 games of the season ... an important part of Maryland's defensive success during the season as he spearheaded the Terps' 3-2 zone ... averaged 10.5 points and was one of five Terps to average in double figure scoring in the ACC Tournament ... on fire in the ACC Tournament with 21 total points when he shot 64.3 percent (nine-of-14) from the field ... shot a perfect five-of-five from the field in his ACC Tournament coming out party against Georgia Tech in the first round ... scored seven consecutive points late in the first half as he helped ease Maryland into a 43-33 halftime lead ... scored on a slam dunk, a free throw, a tip-in and a lay-up — all in the span of 1:26 ... also played well against North Carolina in the semi-finals ... scored six second-half points and three in overtime as the Terps took the Tar Heels to the limit ... also played well in his first career NCAA Tournament as he averaged 6.0 points and 2.0 rebounds ... was perfect from the field against Utah State in the first round, going three-for-three and scoring seven points ... also played well against Arizona, the No. 1 seed in the West region, with 11 points, two blocked shots and two steals ... his 11 points came in only 15 minutes played ... hit a pair of 3-point shots in the closing minutes of the game as he displayed his awesome potential to the nation during the nationally televised game ... helped the Terps win at NC State for the fourth consecutive time on Jan. 10 as he played well both offensively and defensively ... tied the game with a three-point play with 14:10 remaining in the second half and was placed at the top of the Terps' 3-2 zone which neutralized the Wolfpack's 3-point shooting prowess ... head coach Gary Williams went to the 3-2 zone with Morris at the point on the play right before Morris' three-point play ... Maryland outscored NC State, 15-1, over the next five minutes ... Morris was the key to the zone with his 6-foot-8 wingspan designed to disrupt the Wolfpack's outside shooters ... "In the zone, my job is to contest shots and defend the passes out on top. It gave our opponent a different look," Morris said after the win over NC State ... Williams used the zone with Morris at the point throughout the remainder of the season and it achieved great success ... was outstanding in his first career game against the nation's No. 1 team, North Carolina ... scored 10 points, including three in overtime, and blocked two shots to help lead the Terps to the victory ... scored on a "raise the roof" alley-oop dunk off an assist from Sarunas Jasikevicius which tied the game at 80 with 3:40 remaining in the extra session ... added a free throw with 50.6 seconds remaining in overtime to put Maryland up 85-82 ... played the final 4:01 of the overtime in helping the Terps' smothering defense hold the Tar Heels to seven total points and holding National Player-of-the-Year Antawn Jamison

Community Service

Many of the members of the men's basketball team participate in Team Maryland.

Team Maryland is a class taught in conjunction with the campus' Academy for Political Leadership in which student-athletes are exposed to leadership and public speaking skills and techniques. The program consists of a group of volunteer student-athletes who learn about the challenges of children in the community by speaking to different elementary students on various aspects of growing up and the importance of education.

In conjunction with the campus' center for Political Leadership, the players are taught leadership skills and public speaking techniques to use in their school-based presentations. In addition to visits to elementary schools, Team Maryland regularly hosts visits from local elementary aged school children.

Doug Roberts

Members of TEAM MARYLAND are accustomed to receiving good coaching, but not just on the field. Doug Roberts has been a well-known actor, director and media speech consultant in the Washington-Baltimore area for the past twenty-five years, and is presently the speech coach for the program.

As a media talent coach, Roberts' clients have included governors, senatorial and congressional candidates, and the Attorney General of the United States. In addition, his service also has been called on by corporate clients such as Proctor and Gamble, Maryland Public Broadcasting, and The Babe Ruth Museum. Furthermore, Roberts is not a stranger to the athletic setting—he has coached both executives and athletes in the Baltimore Orioles and Colts organizations.

By drawing on this previous experience and being sensitive to the needs of athletes, Roberts has designed a program that allows team members to choose a message they can develop on their own and feel comfortable presenting to young people.

Each semester, Doug schedules an afternoon workshop and individual meetings with each athlete to design talks that are both appropriate and effective for elementary and secondary students.

TEAM MARYLAND and Doug Roberts realize the impact that these athletes have on students that listen, and we are careful to ensure that the student-athletes are well prepared.

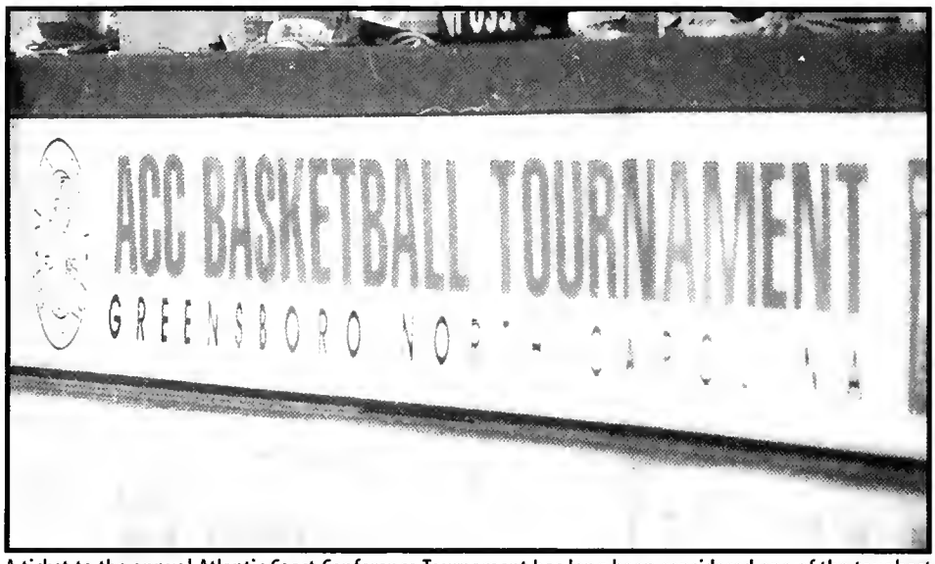
Power of the ACC



A ticket to the annual Atlantic Coast Conference Tournament has long been considered one of the toughest tickets to come by in college sports.

ACC AND THE RPI REPORT

For the third consecutive season, the ACC was the nation's top ranked conference from the start to the finish of the 1997-98 season as tabulated by the RPI Report. The RPI Report also tabulated the ACC as having played the nation's toughest overall schedule as a conference.

HIGHEST RPI EVER

Prior to the 1998 NCAA Tournament, the ACC had a .6047 RPI rating which was the highest pre-NCAA Tournament rating achieved since the start of the RPI Report. The ACC has been the highest rated pre-NCAA Tournament conference in 10 of the last 14 years.

ACC NO. 1 ACROSS THE RPI RATING BOARD

The ACC was the first conference, since the RPI Report began listing five categories in 1995, to be ranked first in all five of the report's statistical categories. The ACC ranked first in Division I winning percentage, schedule strength, opponents' strength of schedule, non-league schedule and non-league RPI.

ACC IN THE ASSOCIATED PRESS POLL

The ACC had more teams (seven) than any other conference earn at least one ranking during the 1997-98 season. Maryland, North Carolina, Duke, Florida State, Clemson and Wake Forest were all ranked at one point during the season.

ACC NO. 1 IN THE ASSOCIATED PRESS POLL

There have been 778 Associated Press polls since the first on Jan. 20, 1949. The ACC, despite annually having the smallest membership total, is the most ranked conference in the nation with 2,159 listings.

ACC WITH SEVEN TEAMS IN THE ASSOCIATED PRESS POLL

The ACC became the first conference in history to have seven teams in the Associated Press poll during two consecutive weeks during the 1997-98 season. Maryland, North Carolina, Duke, Florida State, Clemson, Wake Forest and Georgia Tech were each ranked in the AP polls of Dec. 1 and 8. The ACC also had five teams ranked for five weeks and four for eight weeks.

CONSISTENCY IN THE ASSOCIATED PRESS POLL

The ACC has had at least three teams ranked in the final AP poll in 17 of the last 19 years.

ACC IN THE NCAA TOURNAMENT

In terms of success, the ACC is unrivaled in the history of the NCAA Tournament. The nine current league teams have posted an NCAA Tournament mark of 261-140 for a winning percentage of .651. Only two other conferences in the nation have won at least 60 percent of their NCAA Tournament games.

ACC SUCCESS AGAINST THE NO. 1 SEED IN THE NCAA TOURNAMENT

Since the NCAA began assigning seeds in 1979, ACC teams have defeated a record 18 No. 1 seeds.

- The ACC is the only Division I conference where each member institution has a winning record in NCAA Tournament competition.
- The ACC has had a No. 1 seed in the NCAA Tournament a record 16 times.

ACC SUCCESS IN THE NCAA TOURNAMENT

The ACC television schedule includes 128 appearances on national television networks, including 62 appearances on ESPN, 42 in ESPN2, 16 on ABC, three on CBS and three on Fox Sports Net.

Terps rank among nation's leaders in Men's Basketball attendance

The University of Maryland men's basketball team played in front of a school-record 446,213 people during the 1997-98 season to rank 15th in the nation in total attendance. The Terps' average attendance of 13,944 also established a school record and marked only the second time in school history that the program had averaged more than 13,000 fans during a single season.

It marked the second time in school history that the Terps played in front of more than 400,000 fans during a single season. Maryland's 1994-95 NCAA "Sweet 16" team held the previous school record of 437,268 and 13,321 per game.

The team achieved a near school-record average home attendance mark of 13,377 last season — the second highest figure in the Atlantic Coast Conference and 20th best among all Division I programs. The Terps' average included eight sellouts (every ACC game) and 14 games with crowds over 10,000. Maryland played to 92 percent capacity for the entire season in the 14,500 seat Cole Field House.

Maryland has averaged more than 13,000 fans for every home game in each of the last five seasons. The Terps have appeared in a school record five consecutive NCAA Tournaments and averaged 13,443 during that time span while playing to a 93 percent capacity on their home court.

During the last five seasons, the Terps have achieved four of the top five single season home attendance averages in school history. Nearly 1,000,000 people have come to Cole Field House in the last five seasons (13,451 average in 71 games) as the Terps have forged the second longest non-conference home winning streak in the nation (58 games). The Terps have a 60-11 record (84.5 winning percentage) in the last five seasons at home and were a perfect 16-0 in Cole during the 1994-95 season.

Maryland has averaged more than 12,000 fans during the first nine years of the Gary Williams era. Since the beginning of the 1990 season, more than 1.5 million people have come to Cole to see the Terps win at a 77.1 percent clip. During Williams' tenure, the Terps have won at least 10 games eight times in nine seasons and averaged more than 11 wins a season at home.

Someplace Special

City lights, history, sparkling waterfronts, monumental landscapes. Jazz, film festivals, marches and demonstrations. Shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland. It's all here beyond the campus.

The nation's capital and its major attractions are within 10 miles of Byrd Stadium. And the highly efficient Metro rail system, with a new station at the campus doorstep, makes navigating the greater Washington, D.C., area easy. Campus shuttles serve the College Park Metro station, allowing easy access to one of the country's model transportation systems.

Baltimore is just 35 miles north of the University of Maryland. Its rejuvenation as an urban center is unprecedented. The Inner Harbor, its national aquarium and tall ships, and the nearby Oriole Park at Camden Yards create an exciting, vibrant, holiday atmosphere in a city that boasts one of the world's great sea ports. The heart of Maryland, the Chesapeake Bay, is 20 miles from campus, and the state capital, Annapolis, is 30 miles away.

Campus neighbors include such important national resources as the Library of Congress, the Smithsonian Institutions, the National Institutes of Health, the National Aeronautics and Space Administration, and the U.S. Department of Agriculture's Agricultural Research Center.

Washington and Baltimore can be reached easily from anywhere in the world. USAir, which is headquartered in the metropolitan area, uses Baltimore/Washington International Airport as its hub. Dulles International Airport is a hub for United Airlines. College Park is 10 minutes from the Amtrak Northeast Corridor Line and frequent train service along the East Coast.

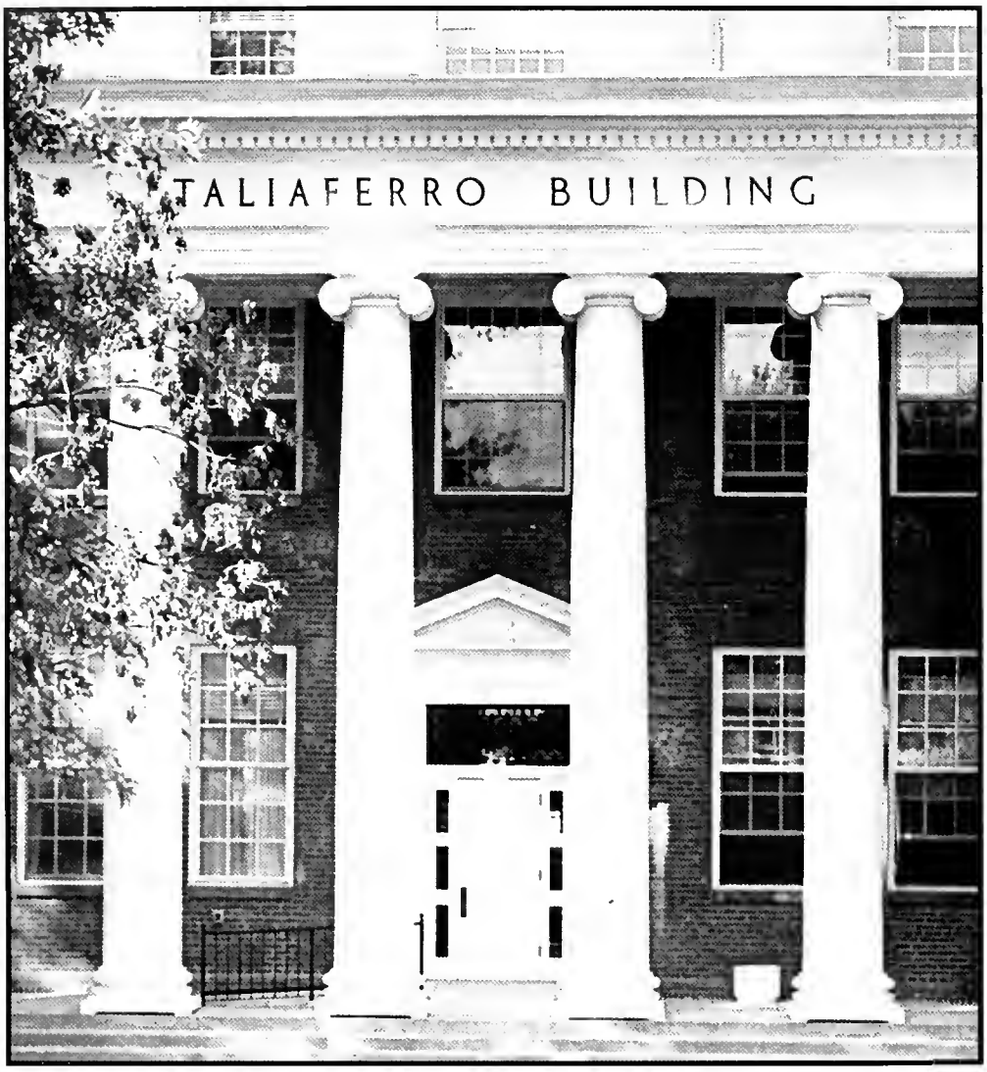
University of Maryland



THE CAMPUS

The University of Maryland, College Park, is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-I university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

HISTORY

The University of Maryland was founded in 1807 in Baltimore as a faculty-owned College of Medicine. The medical school was considered one of the top schools in the country, attracting notable professors and lecturers from throughout the world. In its beginning, tuition cost $140, grades were sent home weekly to parents, and students could obtain room and board for $300 annually.

Five years later, the growing institution was renamed the University of Maryland. Despite the name, the university was not considered a state institution as it was still owned and operated by the faculty. Baltimore College of Dental Surgery, the first dental school in America, became part of the university in 1840, awarding the first Doctor of Dental Surgery (D.D.S) degree in 1841.

In 1859, the Maryland Agricultural College, which would evolve into the University of Maryland, College Park, was opened under a charter secured by a group of Maryland planters in 1856. In addition to spending one hour each day hoeing or plowing on the college farm, students took a broad range of courses in ancient and modern languages, natural sciences, English and mathematics. After a disastrous fire on campus in 1912, the state acquired the college and rebuilt it.

In 1920, the state legislature combined the College Park institution with the professional schools in Baltimore to form an expanded University of Maryland. The entity eventually grew to include campuses in Baltimore County, on the Eastern Shore and the worldwide University College, a continuing education institution.

The following decades saw the increasing growth of student population, excellence in programs and curricula and the burgeoning of the University of Maryland, College Park, into a nationally recognized research institution.

July 1, 1988, marked the dawn of a new era in higher education for the state of Maryland, as the five components of the university were merged with six other state universities and colleges to form the University System of Maryland, and College Park secured its flagship status with a mandate to become one of the pre-eminent research universities in the nation.

RESEARCH

The unique role of American research universities in advancing science and technology has kept the United States in the forefront of innovation and product development. Research dollars from federal and state agencies, corporations and foundations fuel much of the basic and applied research activity of the University of Maryland's faculty and graduate students.

The university has unique facilities, research centers and institutes that attract new research projects and funding, as well as provide expanded knowledge in business, science and technology. The A. James Clark School of Engineering houses the Glenn L.

Martin Wind Tunnel — the most advanced aerodynamic testing facility of its kind on any university campus — and the Neutral Buoyancy Facility, which simulates weightlessness for space research, the only such facility on a university campus. Other specialized facilities include: Computer Vision Laboratory; Bioprocess-Scale up Laboratory; Laboratory for Ion Beam Research and Application; Superconductivity Research Center, Laboratory for Plasma and Fusion Studies; Psycholinguistics Laboratory; Computer-Assisted Cartographic Laboratories; Developmental Psychology Laboratory and the Center on Aging.

SERVICE

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The University of Maryland features a diversity of cultural and recreational activities. Four art galleries, more than 200 annual musical performances and countless dance and theater productions, expose audiences to the broadest range of programs in the arts. And intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

THE LIBRARIES

The seven libraries at the university constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format. University libraries also offer several nationally and internationally recognized special collections such as the International Piano Archives at Maryland, the National Trust for Historic Preservation and the National Public Broadcasting Archives.

THE ALUMNI

Graduates of the university go on to distinguished careers in many fields. Chosen from thousands of qualified alumni, an inaugural group was inducted into the University of Maryland Alumni Association Hall of Fame in 1995. They included 21 outstanding individuals who have brought, and continue to bring, great honor to their alma mater. Their achievements are as varied as their lives, but they all have one thing in common: a degree from the University of Maryland, College Park.

UNIVERSITY TRADITIONS

Testudo is a Diamondback turtle. Like some other famous personages born into the Depression of the 1930s, the derivation of his name is cloudy. But it is likely that his moniker is derived from the scientific classification for turtle *(testudines)*. Or the top turtle could be named after *testudo gigantia*, a species native to the African nation of Seychelles and one of its remote islands, Aldabra. Or the name could have come

from a dictionary definition that says the word, *testudo*, was derived from the Latin and meant a shelter held over the head of Roman soldiers —like a tortoise shell. These explanations are a long way from the Chesapeake Bay where the Diamondback lives.

When Testudo had his coming out on May 23, 1933, he was thrown into a world filled with intimidating mascots—Wildcats, Tigers, Devils, Wolves, Bears—thought up over a half-century of intercollegiate competition. The University of Maryland, College Park, was consolidated from different state schools in 1920 to form the base of today's wide-ranging state system, and the remodeled Maryland needed a flag carrier to do battle with Wahoos, Lions and Generals.

Dr. H.C. Byrd, a football coach who later became university president, recommended the Diamondback as mascot in 1932 in response to the student newspaper's search for an "official" leader. Byrd's childhood in Crisfield, Md., apparently included skirmishes with this brand of snapping turtle, indigenous to the Chesapeake Bay. The school paper was in fact already called *The Diamondback*, and when the Class of 1933 stepped forward with the idea of giving the university a permanent bronzed version as its graduation gift, Testudo was in to stay.

Maryland had been referring to itself as Old Liners, yet another name whose derivation no one seems sure of. Historians are in a skirmish over whether the nickname is a reference to a Revolutionary War Troop of Maryland soldiers who distinguished themselves on the field of battle, or they feel it could refer to a squabble with Pennsylvanians over just where the border between the two states should be.

The Class of '33 raised money for casting a Diamondback by holding its senior prom on campus to save money on expenses. And the yearbook and Student Government Association chipped in. Edwin C. Mayo, Class of '04 and a former quarterback, donated at cost the 300-pound bronzed beauty as President of Gorham Manufacturing in Providence, R.I. Robert J. Hill cast the inspired sculpture accomplished by company artist Aristide Cianfrani. Further turtleization came when the student yearbook, *The Reveille*, became *The Terrapin* in 1935. Newspapers, even then exploring every angle, shortened Terrapin to Terp for headline writing ease when it wasn't trying to cram Old Liner into a single column head. The name was in place; now came the stuff of legend.

THE STUFF OF LEGEND

The nicely thought-out plans that made Testudo an instant hit did have a flaw. Putting "Mr. T" in front of the campus gym, Ritchie Coliseum, exposed Testudo to every road agent wearing enemy colors. Ritchie was right on U.S. Route 1, then the principal North-South highway along the Eastern Seaboard. When a less dignified opponent needed something extra against the turtle and his troops, they practiced emotional blackmail, and kidnapped him.

That was not the worst of it. They painted his golden skin enemy colors, and defaced his pedestal which was only to have the block M on it. Instead, opponents painted illegitimate JH's or GW's or V's or NC's on his nest. A riot took place when Johns Hopkins students kidnapped the handsome reptile in 1947; 200 police were called to the Baltimore campus to control the justified anger of College Park students. Two years later, the nifty shelled crusader was found on the lawn of a University of Virginia fraternity house, whose occupants smugly called President Byrd with the message to get Testudo off their lawn. Of course Byrd obliged, and soon after Testudo was hidden in the campus carpentry shop where he was less inspirational, but a whole lot safer.

The second stadium bearing Byrd's name was built in 1950, and in 1951 Testudo, sans coats of rivals' paint, took his perch in front of the Byrd Stadium football team house. He had beaten back all who would wrong him, and to make sure he would not travel again, he was fed 700 pounds of cement and had his body attached to a new pedestal by long steel rods.

With his permanent nesting came success for Maryland. Acting as guardian to waves of Terp competitors, the national football championship came, as did several ACC titles in the 1950s. His popularity among the students might have been the undoing of success, however. When McKeldin Library was constructed in the middle of campus, the student body demanded Testudo's full-time presence in the center of day-to-day activities. Testudo had gone far beyond being just a symbol for athletics. He was a campus symbol. Students carefully carried him up the hill to the main College Green and the library, and he was bolted to a new bed of stone in the early 1960s.

Coincidence or not, football did have a downturn in the 1960s with Testudo absent. In the 1970s, when a costumed Testudo started to roam the sideline, success was returning. The furry Testudo reigned over unrivaled ACC football prowess, and sent Terps out to the four corners of the football world for bowls and intersectional clashes.

In 1992, a bronze duplicate to Testudo was created and installed just outside the new Football Complex

locker room door. As the football team

takes the field the team congregates around the bronze Terrapin, and then all touch his nose for good luck. In 1995, Testudo was again duplicated as a bronze Terrapin statue was placed in Cole Field House as part of the lobby refurbishment.

Joel Meisner Co. of Farmingdale, N.Y., created the duplicates. Two men spent two days in June of 1992 pouring a rubberized material over Testudo as it sat in front of McKeldin Library, followed by a wax mold on top. After a day to let the molds set, the wax was broken and easily removed. The rubber mold, which actually recreated Testudo, was painstakingly peeled away from the bronze and taken back to Meisner's factory where the first duplicate was created using the Lost Wax method.

While Testudo was being copied by Meisner Co. in front of McKeldin, the research library was undergoing extensive refurbishment. As part of the new interior and exterior McKeldin received, the original Testudo was given a new pedestal and his bronze coat was cleaned. The Class of '33, which created Testudo in the first place, used its 60th reunion to dedicate the rejuvenated campus symbol.

Sixty-five years ago, the Diamondback Turtle Gorham used as a model for the shelled wonder had a ribbon attached to it at the dedication. The ribbon was tied to the canvas covering the statue. The Diamondback moved forward, and revealed the splendor of his larger, bronzed brother. But no one rushed the smaller Diamondback in his duties. All in attendance were true believers who knew what many unfaithful have discovered about Terrapins. They bite.

UNIVERSITY PRESIDENT

Dr. C.D. Mote, Jr.

C.D. (DAN) MOTE JR. started his tenure as president of the University of Maryland, College Park, with the same three-word slogan that has guided his entire academic career: "Quality, Quality, Quality."

From his first day in office, Sept. 1, 1998, Mote has shaped his agenda around the achievement of high quality in every aspect of university activity, from students to sports, and from research to community involvement. Fortunately, Maryland was already well on its way.

"Maryland is a university on the move," Mote said. "That's why I am so excited by this position after spending almost my entire academic career at Berkeley. We have a goal to achieve a place among the 10 highest quality universities in America, and I know in my bones that is an achievable goal."

Achieving quality has been Dan Mote's life, from his student days at the University of California at Berkeley, where he earned all of his degrees, through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capital campaign at Berkeley. He arrived in College Park determined to continue the same level of achievement in his new post.

After earning his doctorate in Engineering Mechanics from Berkeley in 1963, Mote spent a year as a research fellow at the University of Birmingham in England, then three years as assistant professor of mechanical engineering at the Carnegie Institute of Technology in Pittsburgh before returning to Berkeley in 1967.

There he stayed for more than 30 years before coming to Maryland. He earned tenure in 1969 in the Mechanical Engineering Department, and was promoted to Professor in 1973.

Mote served two terms as vice chair of Mechanical Engineering and served as chair from 1987 to 1991. At that time, he was appointed to the FANUC Chair in Mechanical Systems in addition to being named vice chancellor for University Relations, the post he held until accepting the presidency at Maryland in 1998.

Mote has participated with distinction in every phase of the academic enterprise, including classroom teaching, working with students, basic research, applied research and service to the university and the community.

Much respected by his students, Mote earned the 1971 Distinguished Teaching Award and the 1975 Pi Tau Sigma Excellence in Teaching Award for the University of California. He has supervised more than 50 doctoral students, including several who are still in progress, and more than 60 master's theses. He continued teaching and supervising graduate students even during his administrative assignments, and several of his graduate students from Berkeley commute to Maryland to meet with him as they finish their projects. Mote has stated his intention to teach and work with graduate students at Maryland as well.

Mote's research activities have focused on dynamic systems, instrumentation, vibration and biomechanics. He has achieved international recognition for his work on gyroscopic systems, including high-speed translating and rotating systems such as circular and band saws, computer memory disks and tapes. He also has researched the biomechanics of ski injuries and developed safer ski bindings as a result. His research has resulted in more than 300 scholarly publications as well as patents in the United States, Norway, Finland and Sweden.

A registered professional engineer in California, Mote has served in numerous capacities for professional societies, including the National Academy of Engineering (NAE), the American Society of Mechanical Engineers (ASME) and the American Society for Testing and Materials (ASTM), and is co-editor of its biannual research series, "Skiing Trauma and Safety."

Mote's work has been supported continuously since 1962 by the National Science Foundation, and he also has received research fellowships from the Royal Norwegian Council for Scientific and Industrial Research. The American Society of Mechanical Engineers International elected him to honorary membership in 1975, and he has been elected as well to fellow grade in the International Academy of Wood Science, the Acoustical Society of America and the American Association for the Advancement of Science.

He was elected to the prestigious National Academy of Engineering in 1988, and in that same year was awarded the Humboldt Prize by the Federal Republic of Germany. In 1991, the Japan Society for the Promotion of Science awarded him a fellowship.

In 1992, he conceived, designed and implemented a $1.1 billion comprehensive capital campaign, which had achieved more than $800 million at the time he left Berkeley.

Shortly after he arrived at Maryland, this university's ongoing capital campaign passed the half-way point more than four months ahead of schedule, but Mote has said repeatedly that development and capital campaigns are not about raising money.

"It's about building relationships, with alumni, with business and government, with students and parents. We build those relationships by connecting the alumni and friends of the university with the quality people and quality programs on campus. If we succeed in building authentic relationships, fund-raising happens as naturally as water flowing downhill."

Mote and his wife Patsy live in the President's Residence on the College Park campus. They have two grown children.

ATHLETIC DIRECTOR

Deborah A. Yow

The University of Maryland athletic department has made remarkable progress under the leadership of Deborah A. Yow over the past four years. Budgets are now balanced, the previous operating debt of almost $7 million has been paid in full, and the previous capital debt has been reduced from $43 million to $31 million. Other areas of Terrapin athletics have also made significant strides forward. There is a spirit of excitement and pride in Maryland athletics and the department has a clear vision for its future.

In her inspiring first meeting with the staff, Yow challenged the Terrapin athletic department to "raise our sights and sharpen our tools...to work hard and work smart...to recognize that our only limitations are those which we place upon ourselves."

Since that time, Yow and her dedicated coaches, administrators, and staff have reengineered the department from a debt-ridden, underachieving organization to a responsive and financially sound model — with a clear vision and a determined drive toward national prominence. Maryland ranks in the top 10 percent of all NCAA Division I programs competitively across all sports, is competing very effectively in the Atlantic Coast Conference, and had an enviable record of 150 All-ACC academic honor-roll student-athletes in 1997-98. Annual fund-raising for scholarships is up 55 percent and corporate sponsorship revenues are up 140 percent. Maryland is a remarkably improved athletic program.

Debbie Yow also formed the employee "Committee on Quality in the Workplace" to recommend initiatives for improving working conditions and to design programs that recognize the value of athletic department employees. This has been a wonderful tool in recognizing the worth of the outstanding employees across the entire department. There is a compelling sense that Maryland athletics is a family, with a common goal and a shared purpose.

Maryland's athletic director recently observed, "We have the finest coaches, support staff, and administrative team in America. It is because of their courage, hard work, and cooperation that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all our successes...and the basis for our bright future."

Regarding the many achievements of the Terrapin athletic program, Yow says, "We are pleased, but we are not satisfied...our vision is to be one of the top 10 programs in the nation consistently...we see no reason to settle for less." Yow, who is a member of the NCAA Management Council and other prestigious national groups, is known for her goal-oriented and proactive management style. She emphasizes the importance of teamwork, ingenuity, strategic planning and accountability. She consistently inspires and expects maximum effort from herself and those around her. Her words set the tone for all of us in Terrapin athletics: "Winning isn't everything, but the *will* to win is." She points out that this applies in the classroom, on the field of competition, and in life.

Yow is a well-known author in athletics and human behavior. She is a nationally respected speaker and is married to Dr. William Bowden, IV, president of an educational consulting company.

Reflecting on the status of the Terrapin men's basketball program Maryland's director of athletics points out, "Our men's basketball team has been a very important part of our emergence as a nationally prominent athletics program. Coach Williams, his staff and team have stepped up to another level

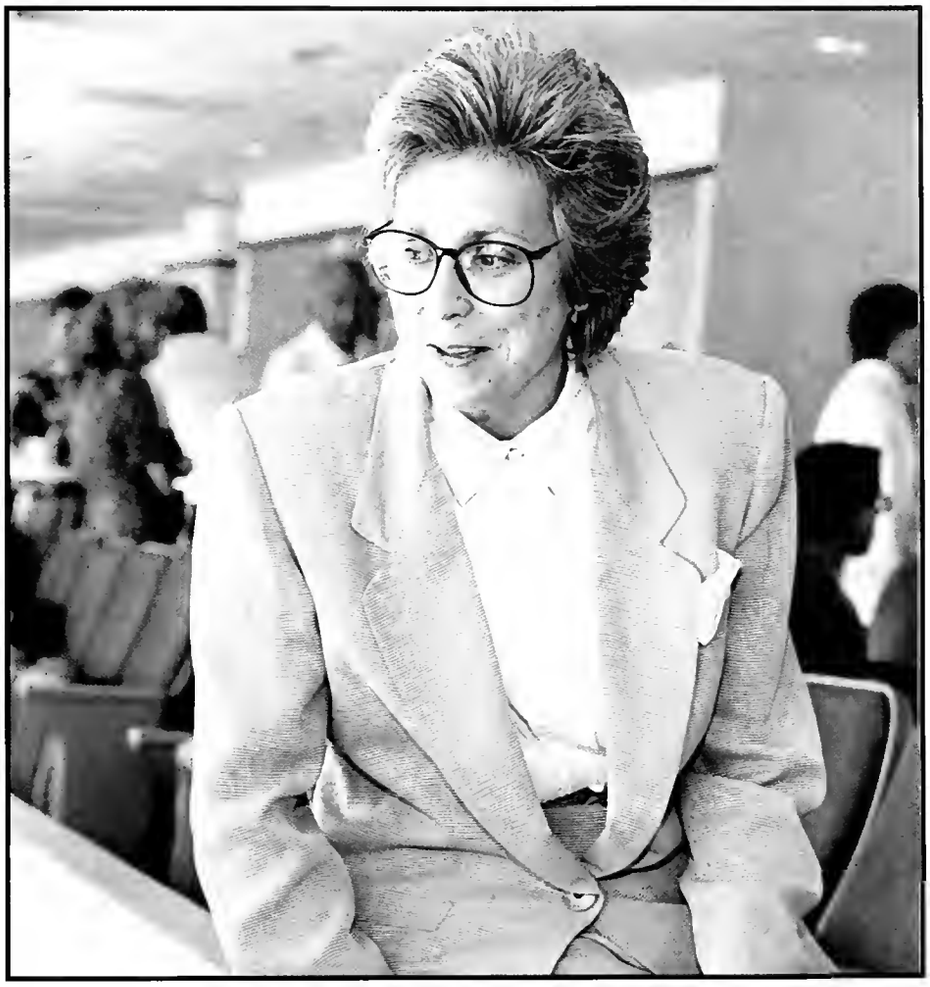
The Maryland athletic department staff is working as a focused, talented and determined team under the dynamic leadership of Dr. Deborah A. Yow and is realizing steady and remarkable progress across all areas of the athletic program, with the best yet to come.

With a clear vision and with high aspirations for Maryland athletics, the Terps prepare to enter the new century on a dramatic upward thrust. The athletics staff embraces this prospect, with gratitude for our successes and with renewed determination to further enhance our program's national stature. We have the skill and the determined leadership to reach our lofty goals, as a part of this great university. And we will.



Yow Elected 2nd V-P of NACDA

Deborah A. Yow was elected second vice-president of the National Association of Collegiate Directors of Athletics this past June and is scheduled to assume the organization's presidency in July 2000. Her term as second vice-president began July 1. Now in its 33rd year, NACDA serves as the professional and educational association for more than 5,100 college athletic directors, associates, assistants and conference commissioners at more than 1,600 institutions throughout the United States, Canada and Mexico. Yow is only the second woman to serve as an officer of NACDA. (Barbara Hedges, athletic director at the University of Washington, held office from 1994-97).

Terps No. 19 in Athletic Excellence

This past June, the University of Maryland achieved one of the major departmental goals of the Deborah A. Yow era by earning inclusion in the top 20 of the Sears Directors' Cup, the national all-sports ranking measuring overall athletic competitiveness.

In the final standings released by the National Association of Collegiate Directors of Athletics, the Terrapins' athletic program tied for 19th place out of 306 Division I schools. It is the highest finish for the Terps since the rankings began, and Maryland's 38-position jump from the No. 57 spot in the 1994-95 rankings is the greatest in that time period by a school not previously ranked in the top 25. Maryland finished third among ACC schools in the 1997-98 rankings.

Since the end of Yow's first year as athletic director, when the Terps finished 57th in the rankings, Maryland has made remarkable progress in the Sears Directors' Cup. The Terps jumped 21 spots (to 36th) in Yow's second year, then climbed four more spots (to 32nd) after her third year.

He was named the department's facilities coordinator in 1989 and was elevated to assistant athletic director in 1997.

As the key contact person on operations and facilities, Callahan manages the department's vast athletic complex, including Byrd Stadium and Cole Field House. In recent years, he played an instrumental role in three major building projects: the upper deck addition to Byrd Stadium, the construction of the Gossett Football Team House, and the completion of the James H. Kehoe Track and Field Facility and Ludwig Soccer Field. His game management responsibilities have included overseeing the last six NCAA lacrosse tournaments held in College Park.

His tenure at the university dates to his undergraduate days as a wrestler in the late 1960s, when he played an integral role in the Terps winning four consecutive ACC wrestling championships. Callahan himself was a two-time conference champion, winning individual titles in 1969 and '70. He was 22-1 as a junior, his only loss coming to NCAA and eventual Olympic champion Dan Gable of Iowa. Callahan was a two-time qualifier to the U.S. Olympic Trials, reaching the finals in 1972 and '76. In both years, he finished fourth nationally in Greco-Roman at 149.5 pounds.

His wife's name is Sandy.

Demetrius Marlowe

ASST. A.D./ACADEMIC SUPPORT & CAREER DEVELOPMENT

DEMETRIUS MARLOWE is in his second year as assistant athletic director for academic support and career development. Marlowe oversees and directs the academic support unit for all student-athletes, and is developing career development initiatives for all of Maryland's student-athletes as part of a comprehensive life-skills program.

Terrapin Club

Providing Scholarships for Today's Student-Athletes

What is the Terrapin Club?

As the scholarship fund-raising arm of the athletic department, the Terrapin Club is composed of approximately 4,500 members who contribute money annually to help pay the scholarship costs of our student-athletes. For many student-athletes, scholarships are the only means available to continue their education; for others, scholarships provide the opportunity to compete at the highest level of athletic competition in America's premier conference, the Atlantic Coast Conference.

With nearly 600 student-athletes, 400 of whom benefit from scholarship support, the scholarship bill for the coming year is approximately $4.5 million. For the fiscal year that ended June 30, 1998, the Terrapin Club contributed approximately $2.8 million toward scholarships.

How Much Should I Contribute?

As a Terrapin Club member, you can contribute the minimum of $125 or any higher amount. Your benefits of membership, however, do vary depending on your level and amount of contribution. The Terrapin Club is composed of seven levels of membership, ranging from the Top Terp level, where members contribute at least $10,000 per year, to the Silver level, where members contribute $125 per year.

What Benefits Do I Receive for Being a Member?

Members of the Terrapin Club directly assist the university in providing athletic scholarships. In addition, benefits of membership include priority seating for football and basketball, preferred parking, a monthly newsletter, and invitations to receptions and Terrapin Club events. Furthermore, you must be a member of the Terrapin Club to purchase men's basketball season tickets.

What Methods of Contributing are Available?

Direct gifts are the most common way of contributing. They are made in the form of cash, stock, checks or credit card (Visa or Mastercard). As a donor, you have the option of contributing once annually or periodically throughout the year. Also, you can now make your contribution via electronic bankdraft, where your account will be debited a set amount on the 10th of each month.

The University of Maryland Foundation (the depository for scholarship money) qualifies for most charitable matching gift programs. Please contact your employer to see if you are eligible for a matching gift program.

Is My Donation Tax Deductible?

Since your gift to the Terrapin Club provides you the right to purchase preferred seating for football and/or basketball, 80 percent of the total amount of your gift is tax deductible as a charitable contribution for income tax purposes, according to Internal Revenue Service code, Section 170(m).

How is My Seat Location Determined?

Ticket assignments for football and basketball and all special events (the ACC Tournament, bowl games, etc.) are based on a point system designed to reward loyalty and total dollar contributions. Terpoints also are awarded for consecutive years of participation and referrals of new members.

Still Have Questions?

Call the Terrapin Club at (301) 314-7020 or (800) 653-7667.

Major Gift Fundraising

Maryland Educational Foundation

'ENDOWMENTS FOR THE FUTURE'

The primary mission of the Maryland Educational Foundation (MEF) is to provide scholarship endowment funds in support of the University of Maryland athletic department's annual athletic scholarship expenses. By supporting talented, deserving student-athletes, you are ensuring that our legacy of excellence will continue and grow.

For more than 50 years, the MEF has provided financial support for Maryland athletics and is an important part of the department's gift-giving program. The vision of the MEF is to raise enough dollars through private gifts to build an endowment capable of funding each of the university's intercollegiate teams at the maximum number of scholarships allowed by the NCAA.

What is an endowment? An endowment is a gift in which the principal is held in perpetuity, with only the income used (in part or whole) for scholarships. The MEF invites you to discuss gifts such as cash, securities, real estate, insurance, personal property, life income, gifts of pooled income funds, charitable remainder trusts, charitable gift annuities, wills and bequests. An endowment gift is truly a dynamic investment in the future of Maryland athletics. Contact Greg Manning, executive director of the MEF, at (301) 314-7020 if you would like more information.

Major Gifts

'BUILDING ON A WINNING TRADITION'

The continued excellence of the University of Maryland athletics program will be greatly enhanced by the support it receives through private gifts beyond the annual Terrapin Club contributions. Cash gifts for the improvement of capital projects truly distinguishes any great institution's athletic program, thus guaranteeing a future as rich as its past. A gift of cash is the most critical type of donation to the Major Gifts Development Unit. Our goal this year is to raise $1.5 million in cash to enhance our facilities. Quality athletic facilities attract top-notch student-athletes to our university, and they attract alumni and friends back to campus to enjoy Maryland Terrapins intercollegiate athletic competition.

The primary focus of the Major Gifts program is to refurbish existing facilities and build new ones. We currently have several excellent naming opportunities available. If you have an interest in a naming opportunity, or in making a major gift in support of Maryland athletics, please call Greg Manning, Cheryl Harrison or Andrew Plenn at (301) 314-7020. They will be delighted to show you how both the donor and Terrapin athletics can benefit from a major gift to the University of Maryland.

The M Club —

75 YEAR TRADITION OF 'ATHLETES HELPING ATHLETES'

The M Club was founded in 1923 by a group of former University of Maryland athletes led by Dr. H.C. "Curley" Byrd to encourage excellence in athletics. It is one of the oldest letterwinner clubs in the country, with a membership of over 4,000 former Maryland varsity athletes.

The M Club goals are to help achieve the very best overall academic and athletic program for the 24 varsity teams; to aid the athletes in making positive contributions to the community; to obtain and maintain funds for awards and scholarships; and to cultivate social contact and good sportsmanship among the wearers of the "M."

Your membership participation, through the payment of annual dues, helps build the scholarship endowment fund, support student-athletes' awards and recognition efforts, and will enable you to receive the monthly athletic department publication *(Terp Talk)* for information about current teams and news about your former teammates.

In addition, you will receive information about and discounts for various M Club activities. Many benefits are intangible, though, including the satisfaction of having lettered at a great university and being a part of a unique and exclusive organization.

University of Maryland letterwinners interested in joining the M Club should call David Diehl at (301) 314-5372 or Dotti Warren at (301) 314-7020.

Strength & Conditioning

The weight training facility used by the basketball team is more than 7,000 square feet in size.

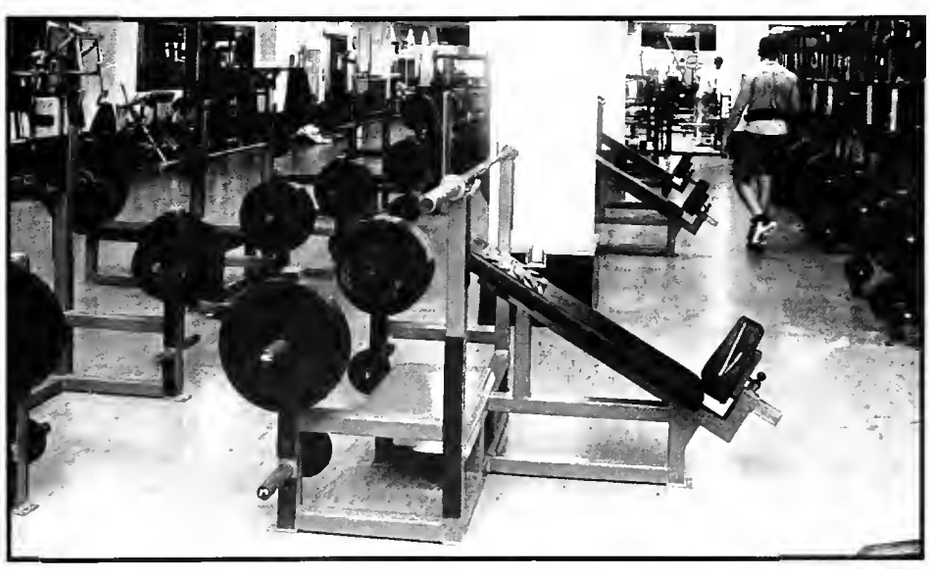
In the highly competitive world of collegiate basketball in the 1990s, the off-court preparation of the basketball athlete is a critical component in the on-court success of any Division I program. Dwight Galt, Maryland's strength and conditioning coach, believes strongly that a solid off-court-training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development that in turn has resulted in great success on the basketball court.

At the University of Maryland, the maximum development of athleticism is the primary goal of the strength and conditioning program. Accomplishing this challenging standard of quality requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics and nutrition also play a critical part in the maximization of athleticism. The Terps' strength and conditioning staff puts substantial emphasis on all these areas, and feels that "a chain is only as strong as its weakest link" when it comes to the off-court preparation of basketball team members. Coach Galt and his staff employ a wide range of state of the art training modalities to assist in enhancing all aspects of athletic development.

The Terrapins are fortunate to train in one of the premier weight training facilities in the country. The facility has excellent aesthetic appeal with two magnificent skylights and large windows overlooking the Terrapin football playing field at Byrd Stadium. The magnificent weight training facility features 7,200 square feet of functional floor space with two elevated offices and easy access to the training floor. Basketball athletes also have the use of a fully equipped weight training facility located adjacent to their locker room in Cole Field House. The conveniently located facility has a complete line of free weight equipment as well as a full line of Cybex selectorized machines. The strength staff utilizes this facility specifically during the season as basketball team members are personally trained after practice.

In the Gossett complex, Terrapin basketball team members are fortunate to train with some of the best weight equipment available, including 20,000 pounds of customized York free weights, seven pieces of Keiser progressive air resistance machines, and a full line of Hammer Strength equipment. The Gossett complex training facility also features immense, self-contained power rack stations, olympic lifting platforms with Eleiko bumper plates, and 10 upper body-pressing stations.

A primary cornerstone of the Terrapins' off-court program is the principle of consistency. Basketball team members have prescribed training programs throughout the calendar year and credit a great deal of their extensive athletic improvement to this consistent training effort. The foundation of the Terps' weight-training program rests with the integration of strength training and power development. The strength staff prescribes traditional training modalities in the squat, the bench press, and leg press in conjunction with the Keiser Air machines and the Hammer Strength line to give basketball team members a wide variety of exercise selection to assure continued growth throughout the year.



Members of the Maryland basketball team enjoy first-class athletic facilities, including the Terps' well-equipped weight room in the Gossett Team House.

Academic Support Unit

Don Pearman

ASSISTANT DIRECTOR FOR ACADEMIC SUPPORT AND CAREER DEVELOPMENT

DON PEARMAN, an assistant director of academic support and career development unit is in his seventh year at College Park, but his experience in the University System numbers nine years. Pearman coordinates the academic tutoring program and works directly with the men's basketball team. He formerly was program director of the Meyerhoff Scholarships at the University of Maryland at Baltimore County campus. A model program of minority recruitment in the fields of mathematics and science, the Meyerhoff program is widely emulated. In the ASU, Pearman is responsible for post-graduate scholarship endeavors, the unit's tutorial program, and he monitors six varsity sports. Pearman, a native of Brooklyn, N.Y., received both his bachelor's degree in sociology and his Master's degree in counseling from St. Lawrence University.

Keith Booth participated in graduation ceremonies in 1997. Former NCAA Basketball star Bill Bradley was the commencement speaker.

Academic Support and Career Development Unit

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty and alumni to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletics programs as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of other members of the student body.

The mission of the Academic Support and Career Development Unit, headed by assistant athletic director Demetrius Marlowe, is to provide quality developmental programs and need-based services that will enhance the academic progress, facilitate the career development, and encourage the psychosocial growth of every student-athlete.

The recently remodeled Gossett Academic Support and Career Development Center for Terrapin Student-Athletes, named for long-time Terp supporters Barry and Mary Gossett, is housed in Cole Field House. It features a 24-station computer lab, study table room, tutorial room, and individual offices for five full-time counselors, an academic support coordinator, and two graduate assistants.

Programs and services offered by the Academic Support and Career Development Unit include:

* Prospective student-athlete orientation
* Academic counseling
* Academic planning
* Academic monitoring
* Academic record keeping
* Academic, personal, and career development enhancement programs
* Structured study table
* Tutorial support
* Computer skills development
* Career development program

MAPS DIRECTORY

This directory produced annually by the Department of Intercollegiate Athletics is intended to assist graduating Terrapin student-athletes as they begin their professional careers. Distributed to more than 1,000 corporations and businesses around the region, prospective employers are introduced to our graduating student-athletes with a photograph and resume information relative to academic, career and personal achievements.

TERP CHOICES

Terp Choices is a program designed to guide student-athletes by orienting, supporting and increasing awareness of relevant issues pertaining to student-athletes in today's world. The focus of the program is making personal choices and how they may affect an entire team, not just a single individual. Education and interactive workshops are presented to the athletic team and are led by student educators.

CAREER INFORMATION FAIRS

Career Awareness in Academic Support is expanding to include a variety of programs that will be offered for student-athletes throughout the semester. Career awareness will be an ongoing process and will include assistance with resume writing and interview skills. The end of the semester will bring a career awareness fair, which will host a number of professionals from whom student-athletes can learn about career interests and planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen area of interest.

TEAM MARYLAND

Team Maryland is a class taught in conjunction with the campus' Center for Political Leadership in which student-athletes are exposed to leadership and public speaking skills and techniques. The program consists of a group of volunteer student-athletes who learn about the challenges for children in the community by speaking to different elementary schools about drug abuse and the importance of education.

In conjunction with the campus' Center for Political Leadership, participants are taught leadership skills and public speaking techniques to use in their school-based presentations. In addition to school visits, Team Maryland has hosted visits from local schools to our campus.

Learfield Sports

All of Maryland's games this season — home and away — will be heard live on the Maryland Radio Network.

The Terps will be heard on flagship stations WBAL (1090-AM) and WMAL (630-AM), which combine to give Maryland one of the strongest broadcast signals of any collegiate basketball team in the nation. The Terps can be heard from Maine to Florida.

Johnny Holliday will once again serve as the voice of the Terps. He will be joined by former Terps all-star Greg Manning.

All of Maryland's games can be heard via www.gamecruiser.com.

JOHNNY HOLLIDAY PLAY-BY-PLAY

Johnny Holliday, who is in his third decade as the Terps' play-by-play announcer, has broadcast more than 550 Maryland basketball games, 26 NCAA Tournament games and will call his 20th ACC Tournament this season.

Holliday, now in his 20th year as the "Voice of the Terps," is considered one of the finest play-by-play announcers in the nation. In addition to calling the action for the Maryland basketball and football teams, Holliday also hosts the award-winning Gary Williams and Ron Vanderlinden television shows. As the Terps' director of broadcasting, he handles a myriad of speaking duties within the athletic department, ranging from banquets, to alumni functions, to Terrapin Club and M Club functions and golf outings.

Holliday's long list of credits include ABC's coverage of the 1996 Summer Olympic Games in Atlanta and the Winter and Summer Olympics in 1984, 1988 and 1994. In addition, he has covered championship boxing, the Masters, the USFL Game of the Week and the Liberty and Aloha bowls.

Holliday's announcing career allows him to lay claim to being Washington's most versatile broadcaster and among the best nationally. Whether it be in radio, where he was named America's No. 1 disc jockey during his rock 'n roll deejay days, to his public address duties with the Cleveland Browns, Oakland Raiders, and Golden State Warriors, to his work in Washington television for the Senators and Bullets, Holliday makes a complicated business look easy.

He brings that ease to the Maryland coaches' television shows on Home Team Sports, the region's premier sports channel. He has also been the host of Redskin's general manager Charley Casserly's show and ACC Sports Sunday. He also does special events for HTS that include baseball, tennis, basketball, and track and field. He is among the pioneering broadcasters in the nation for the sport of women's basketball, handling play-by-play duties of the ACC women's package on television. He earned a Distinguished Service Award from the ACC women's basketball officials for his work on the league's women's basketball telecasts the past seven years.

A native of Miami, Fla., Holliday began his broadcasting career in Perry, Ga., and through the years has worked in four of the nation's prime radio markets: Cleveland, New York City, San Francisco and Washington. At one time he was recognized as America's No. 1 disc jockey and is a member of the Rock 'N Roll Hall of Fame.

In addition to his broadcasting accomplishments, he has also been extremely successful raising money for charity. *Washingtonian Magazine* honored him as a Washingtonian of the Year for his many civic activities. His basketball and softball teams, the Radio Wonders, have raised more than $1 million for charity. He is involved in Special Olympics, Catholic Charities, Operation Smile, and the Boy Scouts of America. He has served as television host for the Easter Seals, Muscular Dystrophy, March of Dimes, and Leukemia telethons.

Last spring he was honored by the Greater Washington, D.C. Chapter of Operation Smile with its 1998 Smile Award for his outstanding service to the community. In 1995, he was the recipient of the University of Maryland "M Club" Distinguished Citizen Award. He is an honorary member of the university's chapter of Omicron Delta Kappa.

Holliday, who has performed in 21 summer stock shows, was a Helen Hayes award nominee for best actor in a Washington musical for "Me and My Girl." He is also the announcer on ABC's "This Week with Sam Donaldson and Cokie Roberts."

Holliday and his wife, Mary Claire, are the proud parents of three daughters. Kellie is a physician along with her husband, Steve; they reside in Bel Air, Md. Tracie is a neo-natal nurse at Shady Grove Hospital who resides in Potomac, Md. with her husband, Chris, who is an attorney; and Moira attends St. Joseph's University in Philadelphia.

GREG MANNING COLOR COMMENTARY

Greg Manning, who is in his 13th year as a member of the Maryland basketball radio team, has broadcast more than 350 Terrapin basketball games and has broadcast nearly every game since the beginning of the 1986-87 season. Manning has accompanied the Terps to six NCAA Tournaments and 11 Atlantic Coast Conference Tournaments. He has the fourth longest tenure of the nine basketball color analysts currently working in the ACC.

Combined with his 118-game Maryland career as one of the most heralded shooters in school history, Manning has been a part of nearly 500 Terrapin games.

Manning is the director of major gifts for the Department of Intercollegiate Athletics at the University of Maryland.

As the director of major gifts, Manning has continued his devotion to Terrapin Athletics through his daily professional life. He was appointed to his current position in 1994. He held the position of executive director of the M Club from 1991-94, helping develop and strengthen the university's athletic letterwinners organization. As director of the letterwinners club, he increased fundraising from $50,000 to $250,000 per year. In his current position, Manning has the responsibility of raising the funds needed to support the capital projects of the athletic department.

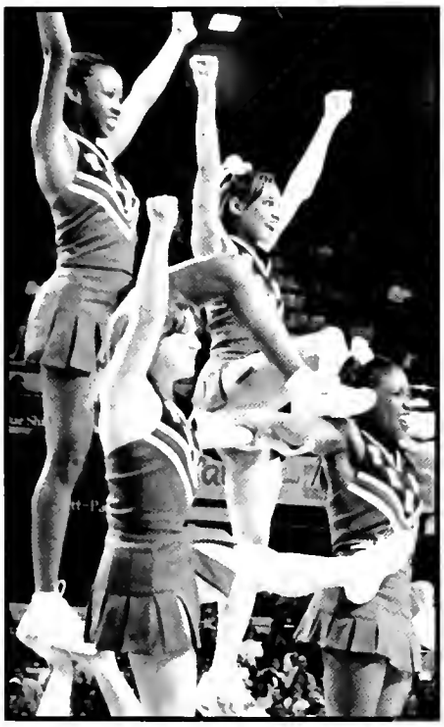
Manning, Maryland class of 1981, gained fame on the court and in the classroom for the Terps. He was among the top point guards in the ACC from 1978-81. In 1980, he led the Terps to the regular season championship of the ACC and was named to the All-ACC Tournament team. As a four-year starter, he led the Terps to postseason play three times and to the Eastern Region semifinals of the NCAA Tournament in 1980. Nearly 17 years after his playing career ended, Manning is still listed prominently in the Terps' record book, including holding the record for consecutive baskets made (15 during the 1981 season). In addition, he is one of only two players in school history to shoot 75 percent or better from the free-throw line during each of his four varsity seasons.

Off the court, Manning was a 1981 Academic All-American and a three-time All-ACC Academic selection. He earned an NCAA Postgraduate Scholarship upon his graduation.

Manning and his wife, Cathy, have a son, Greg, Jr., 13 and a daughter, Courtney, 9, and are residents of Ellicott City, Md. He is a youth league basketball coach in Howard County, Md., and continues to be a guest lecturer at high school and college basketball camps.

TERP ENTHUSIASM

Band/Cheerleaders



The Pep Band and cheerleaders are integral parts of the Maryland basketball tradition. The band has been under the direction of Associate Director of Bands Dr. L. Richmond Sparks since 1984 while the cheerleaders are directed and choreographed by Tina Simijoski.

The band, cheerleaders and dance squads are among the most devoted and enthusiastic fans of the basketball program. Each of the organizations works tirelessly in support of Gary Williams and the team.

Performances by the band, cheerleaders and dance squads are not only limited to all of the men's and women's home basketball games. The band travels to the ACC and NCAA tournaments as well. Other basketball performances include the BB&T Classic at MCI Center for the men's team and the Dial Soap Classic for the women's team. The band further supports Maryland Athletics by appearing at many M Club and Terrapin Club functions. The band answers requests for a variety of community and university events and has even performed for a statehouse event on the Senate floor.

The repertoire of the band contains more than 150 selections of music in a variety of styles including country western, classical, jazz and rock. GySgt Tom Holtz of the United States Marine band has arranged many popular songs for the band.

For a typical basketball game, the band arrives an hour prior to tip-off and plays pre-game music culminating with the National Anthem. The band also plays an enthusiastic part in the player introductions. During every game, the band continues to keep the Terp spirit alive as it plays during timeouts and at halftime. Following the game, the crowd traditionally sings along while the band plays the schools songs, the *Alma Mater* and *Maryland Victory*.

Many Pep Band members also participate in the Mighty Sound of Maryland marching band that performs at every home football game and during one away game each season. In addition, the members of the band make frequent appearances at professional sporting events and civic functions. The band has recently preformed for the Washington Capitals and Wizards and the United States National Soccer team. Most recently, the marching band has performed in Hamburg, Barcelona, Paris and Scotland for the NFL Europe Superbowls as well as MCI Center, Jack Kent Cooke Stadium, and the newly opened Ravens stadium at Camden Yards.

The enthusiastic and spirited Terp cheerleading squad participated in the opening ceremonies at the 1996 Summer Olympic Games in Atlanta, Ga. In addition to leading Cole Field House in cheers, the cheerleaders are also expert gymnasts and dancers. A student who dresses up as Testudo, Maryland's famous mascot accompanies them. The squad performs at many athletic department functions, pep rallies and area functions spreading Terp spirit and athletic awareness.

"Cole Field House is one of the toughest places in nation to play," says head coach Gary Williams. "We love to play at home because of the support we received from the band, the cheerleaders and the dance squad."

HOME OF MARYLAND BASKETBALL

Cole Field House

Over the years, Cole Field House has played a substantial role in college basketball history. Twice the Final Four has been held there, and twice it's been a site for the opening two rounds of the NCAA basketball tournament. Cole is the only on-campus arena to play host to multiple Final Fours. Over the years, as the Atlantic Coast Conference has grown in stature as the preeminent college basketball conference in the country, Cole has seen its share of memorable games and storied players.

As the state university and an important part of the Baltimore-Washington area's sports landscape, it has also served as the site for the state boys' basketball tournament, and housed one of the biggest high school games played in these parts, when DeMatha from nearby Hyattsville played host to Power Memorial of New York and Lew Alcindor, now Kareem Abdul-Jabbar.

In focusing on Cole's past, the temptation is to overlook the present. Certainly, a lot of great games and great teams have performed there through the years. On any given weeknight or weekend afternoon during the cold of the winter, the Terrapins and their spirited fans get the place rocking, and there's no better place for college basketball.

And few arenas have proven quite so dangerous — for opposing teams, that is. Since back in the early '70s, when Lefty Driesell got the "Amen" chorus going, top-ranked teams have found Cole Field House a particularly unfriendly place. Driesell served notice that Maryland would prove an ungracious host during his tenure with an upset of then-No.1 South Carolina in his second season in College Park. In 1979, the Terps came from behind in the final seconds to knock off top-ranked Notre Dame on national television in another memorable upset. This list goes on and on. UCLA in 1982, Virginia in '83, and Carolina in '95 and again last season. All were No. 1 when they arrived at Cole, but were knocked off by the Terrapins and the homecourt advantage the building and the fans afforded them.

Though some of those victories might have been surprises, you could hardly call them flukes. The Terps have posted winning records in 37 of the 43 seasons they've played at Cole, and fans with season tickets have seen the Terps lose more than they've won in College Park only once since the 1969-70 season. Of course, most of those years, the Terps have done far better than just break even in College Park. Under head coach Gary Williams, a Maryland grad who played at Cole as an undergraduate in the late 1960s, the Terps have won at least 10 games at home eight times in his nine seasons. Thanks to the heroics of All-American center Joe Smith, the Terps went undefeated at home (16-0) during the 1994-95 season, the third time in history that had happened.

Overall, Maryland is 431-146 at Cole, including a sparkling 12-2 record at home last season, for a winning percentage just shy of .750.

Appropriately, the Terps opened their 1955-56 season with a victory over neighboring rival Virginia in the building's dedication game. A crowd of some 9,000 came out to see what kind of field house could be built with $3.3 million in those days. In the building's early years, capacity was only about 12,000, because there were no seats on the floor, below where the railings ring the court.

Nowadays, capacity is listed as 14,500, although that doesn't include the 96 courtside seats installed before the 1993-94 season. The largest recorded crowd (15,827) was on hand for the Maryland-North Carolina overtime thriller in 1972. But more than that may have witnessed the Virginia game in March of 1974, which marked the final home game for distinguished seniors Tom McMillen and Len Elmore. Every seat in the place was filled, and thousands more lined the concourse a couple of rows deep or simply sat in the aisles to witness the grand send-off. The fire marshal must have been on vacation. Or maybe he was there at the game.

In the building's four decades, though, the 1966 NCAA championship game, which pitted Kentucky against underdog Texas-Western (now Texas El Paso), is probably the most famous. And, the most historically significant. In that game, the upstart Texas team, which featured an all-black starting five, knocked off all-white Kentucky, the New York Yankees of college basketball. The result forced the southern colleges to recruit and sign black players, lest they lose their competitive advantage, and did away with segregation in the sport.

Cole also hosted the 1970 Final Four, which saw UCLA crowned as champion for the fourth year in a row in what would turn out to be a run of seven straight national titles.

Great high school and professional games have been played on the Maryland campus as well. Back in 1965, Morgan Wootten was gaining national attention for his winning program at DeMatha, just down Route 1 from campus. To be the best, Wootten always said, you had to beat the best, which is why he scheduled a game against Power Memorial of New York City, which featured Alcindor. After practicing in the week leading up to the game against a defender holding a tennis racquet to approximate Alcindor's wingspan, DeMatha stunned Power with a 46-43 victory. It was the only loss of the future Hall of Famer's high school career.

For a time, Cole served as the site for the Capital Classic high school all-star basketball game each spring, and the Capital Bullets, who later became the Washington Wizards, played their NBA games at Cole while waiting for the completion of the Capital Centre back in the early 1970s.

In its time, Cole Field House has been much more than just another on-campus college basketball arena. If you don't believe that, just ask any Terrapin fan or player. But they'd probably all agree that it's the role the building has played best.

1971 Maryland defeats South Carolina, 31-30, in one of the great "slow-down" games in the history of Cole. Leading only 4-3 at halftime, Maryland needed a layup from Jim O'Brien to tie the game with five seconds to go in regulation and an 11-foot jumper from O'Brien to win the game with four seconds remaining in overtime.

1972 Cole is home to the National Invitation Tournament champions, the Maryland Terrapins.

1972 The Cole Field House attendance record of 15,287 was set as Maryland played host to North Carolina on Feb. 16. Maryland lost 79-77 in an overtime thriller. Maryland averaged 13,166 fans at each home game in 1972, the third highest total in school history.

1975 The Cole Field House home average attendance record of 13,427 is set. The

1979 On Super Bowl Sunday, Larry Gibson sank a free throw with one second on the clock to boost the Terps past No. 1 Notre Dame, 67-66, on Jan. 27, 1979. Gibson scored 11 points that day while Ernest Graham scored 28 and Buck Williams grabbed 15 rebounds.

1979 Greg Manning sinks an eight-foot jumper with three seconds remaining in regulation to give Maryland a 70-68 victory over Duke on Jan. 16, 1979. The Blue Devils had entered the season ranked No. 1 in the country and were ranked among the top 10 on the day of the game, the Maryland Terrapins.

1984 Cole is home to the Atlantic Coast Conference champions, the Maryland Terrapins.

1991 In the NCAA Eastern Regional first round, No. 15 Richmond defeats No. 2 Syracuse, 73-69, in one of the great upsets in NCAA Tournament history. It was only the second time in the history of the tournament that a No. 15 seed had defeated a No. 2 seed.

1992 Maryland defeats No. 10 North Carolina, 82-80, on a last-second tip-in by All-America Walt Williams on Feb. 13. Williams put the Terps up 81-80 with 1.3 seconds remaining to lead the Terps past the Tar Heels in Cole for only the second time since the 1982-83 season.

1994 Maryland sets an all-time average attendance record of 13,644 for 13 games.

1994 Maryland defeats Virginia on March 5, 70-68, in front of a sellout crowd. Duane Simpkins is perfect from the free-throw line (11-11) and Joe Smith scores 20 points and has 11 rebounds. The win clinches a fourth-place tie in the ACC regular season standings and virtually assures the Terps of an NCAA Tournament bid.

1995 Maryland defeats No. 1 North Carolina, 86-73, on Feb. 7, in front of a sellout crowd and a national television audience. Duane Simpkins and Johnny Rhodes score 21 points each and Joe Smith grabs 16 rebounds. MARYLAND SEASON IN REVIEW

Maryland finished with a 21-11 overall record (10-6, 3rd place in the ACC) and played in its school-record fifth consecutive NCAA Tournament. The Terps, who played the nation's toughest schedule, advanced to the semifinals of the ACC Tournament and advanced to the "Sweet 16" of the NCAA Tournament for the third time in the last five years.

PROFIT NAMED HONORABLE MENTION ALL-AMERICAN

Junior Laron Profit was named an honorable mention All-American by the Associated Press. It marked the first time in his career that he earned All-America status. Profit was also named third team All-Atlantic Coast Conference. He has earned All-ACC honors during the last two consecutive seasons.

TERPS RANKED SEVENTH IN RPI REPORT

Maryland was ranked seventh in the RPI poll last season. The RPI is the featured mathematical theory used by the NCAA Men's Division I Basketball Tournament Selection Committee. Maryland played five of the teams ranked in the Top 10 of the RPI Report during the season.

MARYLAND RATED AS HAVING THE NATION'S TOUGHEST SCHEDULE

Maryland's tremendous national and ACC finishes came as the Terps played the nation's toughest schedule according to both major ranking services. The RPI Report and the Sagarin Rankings judged the Terps schedule far and away the toughest. The RPI Report is used exclusively by the NCAA Division I Men's Basketball Tournament selection committee, and the Sagarin Rankings appear weekly in the USA Today newspaper.

CONFERENCE RANKINGS

The Atlantic Coast Conference finished the season as the nation's top-ranked conference according to the RPI Report. The ACC has been the nation's top rated conference for each of the past two full seasons and took over the top spot during the 1994-95 season.

MARYLAND LEADS THE NATION IN WINS AGAINST TOP 50 TEAMS

Maryland played a nation's best 19 games against teams in the top 50 in the country. The Terps were the only team in the nation to have played 17 or more top 50 opponents and were one of only four teams to win at least eight games against teams ranked in the nation's top 50.

ELLIOTT AND PROFIT EARN THIRD TEAM ALL-ACC HONORS

Senior Rodney Elliott and junior Laron Profit earned third-team All-ACC honors. It marked the first time that Elliott earned the honor and the second consecutive season that Profit earned third team All-ACC honors. Junior Obinna Ekezie was an honorable mention All-ACC selection, while Terence Morris was an honorable mention All-ACC freshman team selection.

ELLIOTT NAMED TO ACC TOURNAMENT SECOND TEAM

Senior Rodney Elliott, who averaged 14.5 points and 9.0 rebounds during the 1998 ACC Tournament, was named to the All-Tournament second team.

MARYLAND'S 20 VICTORY SEASONS

Maryland finished the 1997-98 season with a 21-11 record. The 21 victories marked the second consecutive season and third time in the last four years that head coach Gary Williams led the Terps to a 20-victory season. The last time Maryland won at least 20 games in back-to-back seasons was during the 1983-84 and 1984-85 seasons. Williams has now led nine teams to 20-win seasons during his career. Williams averages 18.6 wins per season in his 20 years as a collegiate head coach.

TERPS IN THE ACC IN THE LAST FIVE SEASONS

Maryland has recorded a cumulative record of 47-33 in the ACC in the last five seasons. The Terps' 47 victories marks the most in a five-year period in their ACC history.

KOVARIK PLAYS ON FIVE UPPER ECHELON ACC TEAMS

Matt Kovarik, who completed his collegiate playing career as a five-time NCAA tournament participant, helped the Terps to a 103-55 overall record (65.2 winning percentage) and a 48-34 ACC record (58.5 winning percentage) in his five seasons in College Park. Kovarik is the first player in school history to play on five teams that finished in the upper half of the ACC standings. Kovarik played on Maryland's regular season ACC championship team in 1995.

Game No. 1
South Carolina 76, Maryland 72 (OT)

November 14, 1997
Target Center, Minneapolis, Minn./Black Coaches Association Classic

Melvin Watson's 3-pointer with 10 seconds left in overtime gave South Carolina a 76-72 win over Maryland in the Black Coaches Association Classic. The Terrapins were led by Laron Profit's 24 points, 19 of them after halftime. The game was played under experimental rules with a 40-second shot clock instead of 35 and with four quarters instead of two halves. Profit helped rally Maryland late in regulation and again in overtime, and his 3-pointer with 30 seconds left in overtime gave the Terrapins a 72-71 lead. But after Watson's 3-pointer, Profit misfired with three seconds left. Maryland's fast start included a 10-0 run in the first quarter and an outstanding play by Profit. With time winding down in the quarter, Profit blocked a shot by Watson, grabbed the loose ball and hit a three-quarters-court shot at the first-quarter buzzer for a 20-9 lead. In overtime, South Carolina took a 68-64 lead, its biggest of the game, with 1:59 left. Profit hit a 3-pointer and another basket to tie the game at 69-all with 1:16 left, but William Gallman scored inside again with 50 seconds remaining to put the Gamecocks on top.

Game No. 3
Maryland 102, Mt. St. Mary's 74

November 22, 1997
Cole Field House, College Park, Md.

Led by Laron Profit's game-highs of 21 points, seven assists and four steals, Maryland dismantled Mount Saint Mary's, 102-74, before a raucous sellout crowd at Cole Field House. Profit added six rebounds in an all-around performance. Junior Obinna Ekezie scored 17 and grabbed a game-high seven boards, while senior Rodney Elliott had 16 points and pulled six off the glass. Even with the starters off the floor, freshmen Mike Mardesich and Terence Morris added the necessary sparks to the offense. Mardesich, who had 10 points and five rebounds, and Morris, with nine and six respectively, were often on the receiving end of several alley-oops that brought the crowd to its feet. The Terrapins opened the game with a 12-2 run and expanded the lead to 22 points by halftime.

Game No. 14
Maryland 68, NC State 65

January 10, 1998
Reynolds Coliseum, Raleigh, N.C.

Sarunas Jasikevicius scored 18 points, including two free throws in the final minute, to lead Maryland to a 68-65 win over NC State. Maryland led 68-63 after Jasikevicius split two free throws with 16.4 seconds left. A layup by C.C. Harrison cut the lead to 68-65 with 8.9 seconds remaining, but the Pack couldn't steal the ensuing inbounds pass and was forced to foul Rodney Elliott. Maryland's 6-foot-8 forward missed both his foul shots and Jasikevicius corralled the rebound. But Kenny Inge tied up Jasikevicius, forcing a jump ball and giving NC State a last chance to tie. Harrison got a clear look at a 3-pointer, but his attempt from the left wing bounced off the front of the rim at the buzzer.

February 19, 1998
Cole Field House, College Park, Md.

Freshman Robert O'Kelley scored a career-high 31 points as Wake Forest held off a big last-minute rally and defeated No. 25 Maryland 83-79 in Cole Field House. Trailing by as many as 19 points in the second half, the Terrapins outscored Wake Forest 10-1 within an 18-second span to close to 80-77 with 34 seconds left. Maryland had a chance to tie after Wake Forest's Josh Shoemaker threw away the ensuing inbounds pass, but Laron Profit threw up an air ball with 13.7 seconds remaining. Niki Arinze then made three-of-four free throws in the final 11.5 seconds to seal the victory for Wake Forest. Junior Laron Profit scored 19 of his 26 points in the second half for Maryland, which was troubled by turnovers and poor perimeter shooting in losing at home for only the second time this season. Rodney Elliott added 16 points for the Terrapins.

Jasikevicius' fifth 3-pointer started a 12-4 run in the opening five minutes of the second half, putting Maryland ahead 52-39. Temple never got closer than eight points the rest of the way. Game No. 28
Maryland 83, Georgia Tech 65

March 6, 1998
Greensboro Coliseum, Greensboro, N.C.

Third-seeded Maryland swept the Yellow Jackets this season and beat them for the fifth straight time by taking an 83-65 win in a quarterfinal game of the ACC Tournament. Maryland led by 10 points at halftime thanks to a 5-for-5 shooting effort from reserve Terence Morris, the strong inside play of Obinna Ekezie, and a zone defense that seemed to confuse the Yellow Jackets. The defense also shut down Matt Harpring for the third straight game. The three-time All-ACC forward and league's second-leading scorer came into the game a combined 8-for-30 from the field in two previous meetings with Maryland. The senior started 1-for-6 as the Yellow Jackets fell into a hole. Maryland's lead reached 15 with 14 minutes left when Laron Profit converted on a three-point play, then sank consecutive 3-pointers 46 seconds apart.

Game No. 29
North Carolina 83, Maryland 73 (OT)

March 7, 1998
Greensboro Coliseum, Greensboro, N.C.

No. 4 North Carolina beat No. 21 Maryland 83-73 in overtime of the ACC Tournament semifinals at the Greensboro Coliseum. Shammond Williams scored 10 of his 25 points in overtime to lead the Tar Heels to the Atlantic Coast Conference finals for the seventh time in the 1990s. Rodney Elliott paced Maryland with 16 points and 10 rebounds. Williams made two-of-three free throws with four seconds left in regulation to tie the score at 66-66, then took over in overtime — scoring on a fastbreak layup, a shot in the lane, a 19-footer and four free throws. Ademola Okulaja also

added a key 3-pointer in the extra period as the Tar Heels scored on every possession except the final one, when they ran out the clock after outscoring Maryland 17-7 in the extra period.

Game No. 30
Maryland 82, Utah State 68

March 12, 1998
Arco Arena, Sacramento, Calif.

Obinna Ekezie, who bulled around the basket like Shaquille O'Neal, and teammate Rodney Elliott led Maryland to an 82-68 win over Utah State in the NCAA West Regional. Ekezie, a 6-foot-10, 256-pounder from Nigeria, started the game with a two-handed dunk and finished with 17 points and seven rebounds. Elliott, leaner at 6-8 but strong and quick, posted 21 points and 11 rebounds. Maryland ruled the boards with a 47-27 advantage, and the smaller Aggies had to rely almost entirely on guard Marcus Saxon. That worked pretty well for the Aggies in the first half, when Saxon scored 18 points. However, the strategy failed in the second half when Maryland made adjustments on defense to limit him to seven points and a total of 25. Sarunas Jasikevicius, who popped three 3-pointers, scored 16 points and had seven assists for Maryland, and Laron Profit added 12 points and six assists.

Game No. 31
Maryland 67, Illinois 61

March 14, 1998
Arco Arena, Sacramento, Calif.

Obinna Ekezie, scoreless until the final six minutes of the game, hit a game-tying jumper and six free throws down the stretch as Maryland held off Illinois, 67-61, in the second round of the NCAA West Regional. Sarunas Jasikevicius scored 20 points and Rodney Elliott added 16 to lead Maryland. Maryland led by as many as 13 points in the first half and 41-29 early in the second half. The brawny Illini worked their way back to tie the game for the first time, 49-49, with 7:36 to go, then took their first lead on Kevin Turner's 3-pointer. Maryland tied it and retook the lead, but Illinois stayed with the Terps and tied it three more times — on a jumper, another 3-pointer by Turner, and a short jumper by Jarrod Gee that made it 61-61 with 56 seconds left. Ekezie's free-throw shooting down the stretch, including two with 36 seconds left and another pair with 16 seconds to go, sealed the victory. Matt Kovarik's final free throws with seven seconds left gave Maryland the last six points of the game.

Game No. 32
Arizona 87, Maryland 79

March 19, 1998
The Arrowhead Pond at Anaheim, Anaheim, Calif.

Mike Bibby scored 18 of his 26 points in the first half as defending champion Arizona defeated fourth-seeded Maryland 87-79 to advance to the West Regional final. The Terrapins (21-11) were the only team in the field to beat two of the top seeds during the regular season. After trailing by 14 early in the second half, Maryland closed within one with 10:32 remaining. Arizona then kicked in its speedy offensive game, reeling off nine straight points to put down the Terps' threat. As usual, Bibby was Arizona's do-everything man. He hit five 3-pointers, made 7-of-9 free throws, grabbed five rebounds and got the ball into his teammates' hands when he wasn't shooting. Laron Profit led the Terps with 19 points and 10 rebounds. Even though they controlled the boards, 49-39, the Terps' inside game fell apart when 6-foot-10 Obinna Ekezie and 6-8 Rodney Elliott picked up their fourth fouls eight seconds apart, just as the Terps closed within one. Elliott fouled out with 16 points at 8:19, and Ekezie did the same in the closing minutes.
